I. GENERAL PROVISIONS

RULE 1.1 INTRODUCTORY PROVISIONS

(A) Scope and Applicability of Rules

These Local Rules apply to the General Division of the Court of Common Pleas of Delaware County, Ohio, except as otherwise provided. The Court of Common Pleas of Delaware County consists of four divisions: the General Division, the Domestic Relations Division, the Probate Division, and the Juvenile Division. Additional Local Rules of the court may be adopted by the Domestic Relations, Probate, and Juvenile Divisions, and other divisions of the court as may be created, governing practice and procedure in those divisions.

(B) Interpretation

These Local Rules will be interpreted to achieve the prompt, efficient, and fair resolution of cases.

(C) Citation

These rules will be known as the “Local Rules of Practice of the Delaware County Court of Common Pleas, General Division.” These rules may be cited as “Local Rule __.”

(D) Failure to Comply

Failure of any attorney or self-represented litigant to comply with these Local Rules or the Civil or Criminal Rules of Procedure regarding the proper filing of any document may result in the document being rejected by the clerk or being stricken by the court.

RULE 1.2 PUBLIC ACCESS/PRIVACY

(A) Public Access to Documents through Website of Clerk of Courts

- (1) Members of the public may obtain copies of or review electronically filed documents at <http://www.co.delaware.oh.us/index.php/clerk-of-courts>.
- (2) Public access to any electronically-filed public document is available on the website of the clerk of courts as soon as the clerk has processed the document.
- (3) If the website is unavailable or if the clerk of courts is prohibited by the court or by law from making the document available via the website, the document will – absent a court order sealing or expunging it – be available for review during regular business hours at the office of the clerk of courts, either by computer terminal, in paper form, or on microfilm.

(B) Public Access to Documents through the Office of the Clerk of Courts

- (1) Any request for copies of pleadings or other documents from a case file must be accompanied by the appropriate copying fee.
- (2) No file, deposition, or transcript may be removed from the office of the clerk of courts by any person for any reason, except (1) the clerk or any employee of the clerk; or (2) the common pleas judges or any member of their staff.
- (3) No file may be taken apart for purposes of copying or for any other reason by any person except the clerk or any employee of the clerk.

(C) Privacy

- (1) Filing parties must omit – or, where inclusion is necessary, partially redact – the following personal data identifiers from all pleadings, documents, and exhibits, whether filed electronically or on paper, unless the assigned judge orders otherwise:
 - Social security numbers with the exception of the last four digits;
 - State or federal tax identification numbers;
 - Driver’s license numbers or state identification numbers;
 - Minors’ names in abuse, neglect, or dependency cases;
 - Employer and employee identification numbers;
 - Individual financial information; and
 - Proprietary or trade-secret information.
- (2) With leave of court, a party may file under seal a document containing the unredacted personal data identifiers listed above.
 - (a) The party seeking to file an unredacted document must file a motion to file the document under seal.
 - (b) In granting the motion or application to seal, the assigned judge may require the party to file a redacted copy for the public record.
- (3) The responsibility for redacting personal data identifiers rests solely with counsel and the parties. The clerk’s office will not review the documents for compliance with this rule or redact documents, whether filed electronically or on paper.

**RULE 1.3
ELECTRONIC TRANSMISSIONS**

(A) Electronic Filing

- (1) Definitions

- (a) Accepted Financial Transaction Device: a credit card, debit card, or other financial transaction device electronically accepted by the clerk and EFM to process documents submitted for Electronic Filing.
- (b) Electronic Filer (e-filer): a person, entity, or authorized agent who e-files. Registration as an e-filer constitutes consent to accept electronic service of any pleadings filed by other registered e-filers as well as any orders issued by the court.
- (c) Electronic Filing (e-filing): the process by which a person or entity files documents with the clerk by means of an online electronic transmission of the document through a portal operated by an electronic filing manager designated by the clerk.
- (d) Electronic Filing Manager (EFM): the entity hired by the clerk to provide the single interface for managing electronic filings for the court.
- (e) Original Document: the electronic document received by the clerk from the e-filer.
- (f) Technical Failure: a malfunction of the EFM or any county-owned or leased hardware, software, or telecommunications equipment, plus any other issue under control of the clerk or the Delaware County Information Technology Department that results in the inability of an e-filer to e-file a document.

(2) Electronic Filing Policy

- (a) In conformity with the Ohio Revised Code, Civ.R. 5(E), and Crim.R. 12(B), pleadings and other papers may be filed with the clerk of courts electronically, subject to the provisions in this rule.
- (b) Application of Rules and Orders. Unless otherwise modified by approved stipulation or court order, the Ohio Rules of Civil and Criminal Procedure, Local Rules, and orders of the court will apply to all documents electronically filed.
- (c) Registration. A person or entity must first register with the EFM in order to e-file. Upon approval or denial of the request for access to the EFM, the person or entity will receive an email of approval or denial. An e-filer must provide a designated email address to the EFM.

(d) Accepted Filings

- (i) For each electronic document filed, the e-filer must complete an online Document Description Form containing the following information:
 - The title of the case;
 - The case number, if previously assigned;
 - The assigned judge, if previously assigned;

- The title of the document being filed;
- The date of transmission; and
- The name, Ohio attorney-registration number, address, telephone number, fax number, and email address of the attorney or party filing the document.

(ii) Electronic Signatures

1. All electronically-filed documents must be signed by an attorney admitted to practice in the State of Ohio or by a party not represented by an attorney.
2. Any signature on an electronically-filed document will be considered that of the attorney or party it purports to be for all purposes in accordance with Civ.R. 5(E)(1) and 11 and Crim.R. 12(B)(2).
3. If an Original Document requires a signature of a non-attorney, the filing party or the clerk's office must scan the original document and then electronically file it.
4. An electronic signature will have the same force and effect as a manual signature. An electronically-submitted document issued or received by the clerk is considered signed if an electronic signature is included on the document. An electronic signature must include at least one of the following:
 - a. “/s/” and the name typed in the space where the signature would otherwise appear; or
 - b. An electronic image or scanned image of the signature.
5. A pleading or other document requiring an attorney's signature must be signed with an electronic signature in substantially the following format if filed electronically:
 - /s/Ohio Attorney
 - Ohio attorney-registration number
 - Attorney for (Plaintiff/Defendant)
 - Address
 - Telephone Number
 - Facsimile Number
 - Email Address
6. Pursuant to Civ.R. 5(E)(1) and Crim.R. 12(B)(2), any documents transmitted without authority will be stricken.

- (iii) Complaints. Complaints, including criminal complaints, may be filed electronically. Pursuant to Crim.R. 12(B)(1), all criminal complaints must comply with Crim.R. 3.
- (e) Filings Not Accepted. All depositions and other transcripts must be filed in paper format with the clerk in accordance with these Local Rules.
- (f) Hours of Operation
 - (i) The clerk receives electronic documents 24 hours per day, seven days per week, regardless of whether the clerk's office is open. Parties filing after normal business hours (8:00 a.m. to 4:30 p.m. Monday through Friday, excluding holidays) assume the risk of technical failures that prevent the e-filing of their document.
 - (ii) Time at the court (Eastern Time zone) governs, rather than the time zone from which the filing is made.
 - (iii) All electronically-filed documents will receive a confirmation of receipt that includes the date and time acknowledgement displayed on the screen of the e-filer's computer upon successful transmission of the e-filing.
 - (iv) Any document filed electronically that requires a filing fee may be rejected by the clerk of courts unless the electronic filer has complied with the mechanism established by these Local Rules for the payment of filing fees.
- (g) Document Format. Documents must be submitted in Portable Document Format (PDF).
- (h) Fees
 - (i) The clerk will assess normal filing fees. All filing fees and case deposits will be collected via an Accepted Financial Transaction Device at the time the filing is processed. Under R.C. 301.28(E) and (F), a surcharge for using a financial transaction device use may be assessed in an amount to be determined by the clerk.
 - (ii) No personal checks will be accepted.
 - (iii) The clerk's office will document the receipt of fees on the docket with a text-only entry.
 - (iv) The court will not maintain electronic billing or debit accounts for lawyers or law firms.

(i) Filing Acceptance or Rejection Cycle

- (i) A confirmation number will be assigned by the clerk to each filing received by the clerk. The confirmation number and the date and time of the filing will be displayed on the screen of the e-filer's computer upon successful transmission of the filing.
- (ii) Upon successful processing by the clerk of the document submitted for e-filing, an email will be sent to the e-filer stating that the document was accepted and filed. The email will also contain the confirmation number and case number assigned, if any.
- (iii) If for any reason the document submitted for e-filing is not accepted and filed by the clerk, the e-filer will be notified via email that the document was rejected and the reason for rejection. A rejected filing will be treated by the court as having been tendered to the clerk for filing on the date of the rejection if the e-filer resubmits the rejected document through the e-filing system within 24 hours after the rejection email was sent by the clerk. That 24-hour window is a firm deadline, and it applies even on weekends and holidays. Any corrective filing submitted after the 24-hour period expires will be rejected. If an e-filer wishes to file the rejected document electronically after the 24-hour correction period, that e-filer may initiate a new e-filing attempt, but the document will not be treated by the court as having been tendered to the clerk on the date of the initial rejection.

(iv) Technical Failures

1. The clerk may deem the e-filing site to be subject to a technical failure on a given day if the site is unable to accept filings continuously or only accepts filings intermittently over the course of any period of time greater than one hour after 10:00 a.m. that day. Known system outages will be posted on the clerk's website, if possible.
2. An e-filer who cannot file a document electronically due to problems on the e-filer's end must file a hard copy or fax file the document with the clerk.
3. An e-filer whose filing is made untimely as a result of a Technical Failure of the clerk's system or site, or as a result of problems on the e-filer's end, may seek appropriate relief from the court.
4. If a document is not filed due to technical failures and the e-filer wishes to have the corrective filing relate back to the date and time of the rejected filing, the e-filer must file a motion with the court seeking relief.

(v) Any attorney, party, or other person who elects to file any document electronically will be responsible for any delay, disruption, interruption of electronic signals, and readability of the document and accepts the full risk that the document may not be properly filed with the clerk as a result.

(vi) The clerk will retain rejected documents for a period of one year from the date of transmission.

(j) Electronic File Stamp

(i) Upon acceptance by the clerk, a document will receive an electronic file stamp.

(ii) This stamp will include the date and time when the clerk originally received the transmission. A document received electronically will be considered to have been filed on the date and time in the time stamp.

(iii) A document electronically filed that is not successfully processed by the clerk will not receive an electronic file stamp, but the e-filer will receive a rejection email as provided in these Local Rules.

(iv) After a document receives an electronic file stamp, the document cannot be altered.

(k) Service of Documents

(i) Documents filed electronically with the clerk must be served in accordance with Civ.R. 5 and Crim.R. 49.

(ii) Once a party has entered an appearance in the case, the party must furnish his or her email address, and service thereafter should be made electronically when possible.

(iii) For all documents that require service by the clerk or documents for which a party is requesting that service be made by the clerk, Instructions for Service must be filed by the e-filer as a separate document.

(iv) Automated Service. When a submission is deemed filed, the clerk's e-filing system will generate a Notification of Electronic Filing to the e-filer and any other party to the case or their counsel who is a registered user of the clerk's e-filing system. Parties who have listed an email address on prior court filings will also receive the Notification of Electronic Filing. Parties to the case or their counsel who are not registered with the clerk's e-filing system or who have not provided an email address on court filings will not receive a Notice

of Electronic Filing. As a result, any e-filer must serve a paper copy of the e-filed document on all parties to the case or their counsel to whom the clerk's e-filing system does not send the Notification of Electronic Filing. The automatic electronic notice, in conjunction with the required proof of service, will constitute service under Civ.R. 5 and Crim.R. 49.

Except where required by statute or rule, judgment entries and orders from the court will be electronically served using the email address on file to any attorneys who have already entered an appearance in the case and provided their email addresses. Where permitted, service by the e-filing system will be the only form of service. Attorneys are responsible for regularly checking their email and updating their email address with the court if it changes.

- (v) Proof of Service. Proof of service of all documents required to be served must be provided by the filing party in compliance with Civ.R. 5(B)(4) and Crim.R. 49. A separate certificate of service will be automatically generated and filed by the e-filing system detailing which parties have and have not been electronically served by the e-filing system. All e-filers must also include on their documents a certificate of service signed in accordance with the Civil Rules or the Criminal Rules, and these Local Rules. The certificate of service must contain substantially the following language:

“I hereby certify that on [date], [document title] was served through the Court's Electronic Filing Service or by ordinary U.S. mail.”

- (vi) Service Date and Time to Respond. For parties or their counsel who receive the Notification of Electronic Filing, service is complete at the time the Notification of Electronic Filing is generated by the clerk's e-filing system. Parties who do not receive the Notification of Electronic Filing and who are served by regular U.S. mail will have additional time to respond as provided by Civ.R. 6(D) or Crim.R. 45(E). Parties who receive the Notification of Electronic Filing are not entitled to the additional time to respond provided by Civ.R. 6(D) or Crim.R. 45(E). Failure of Electronic Service. If the clerk's e-filing system fails to generate the Notice of Electronic Filing, the party to be served may request an order extending the date for any response.

(l) Attachments and Exhibits

Attachments and exhibits to pleadings or motions should be included in one PDF file. If the file size is too large to upload, the attachments or exhibits can be filed in multiple parts and labeled as Part 1, 2, 3, etc. The e-filer should advise the clerk as to which pleading, motion, or memorandum the attachments or exhibits belong by so stating in the comment field of the e-filing system.

(B) Facsimile Filing

- (1) Although electronic filing is the preferred and most efficient way to file, the clerk of courts maintains a private telephone line and facsimile machine to accept emergency or urgent faxed filings.
- (2) Pleadings or other documents that are filed after the original complaint or other initiating pleading and that are less than 26 pages and do not require a security deposit under Local Rule 1.4 may be tendered to the clerk for filing by facsimile transmission.
- (3) A facsimile transmission will be accepted for filing as the original, and the signature contained thereon will be accepted as the original. Following the acceptance of and filing of a document by means of facsimile transmission, the original “hard copy” must not be tendered to the clerk for purposes of filing, and the clerk must not accept for filing the original “hard copy.”
- (4) The clerk will immediately notify the attorney if the transmitted document cannot be filed for any reason.
- (5) The date/time of filing is not determined by the facsimile machine date/time stamp but is instead determined by the clerk’s time-stamp clock. Although facsimiles may be transmitted 24 hours per day, seven days per week, regardless of whether or not the clerk’s office is open, any facsimile received by the clerk after 4:30 p.m. on a regular business day or anytime on a weekend or holiday will be filed on the next regular business day. For purposes of any filing deadline imposed by these Local Rules, court order, statute, or otherwise, a document will be deemed filed on the date and time when the clerk time stamps the document.
- (6) All facsimile transmissions tendered to the clerk for filing under this rule must comply with the applicable Civil Rules and Criminal Rules and include a cover page containing the following information:
 - Name of attorney;
 - Address of attorney;
 - Ohio Supreme Court registration number of attorney;
 - Telephone number of attorney;
 - Facsimile number of attorney;
 - Email address of attorney;
 - Date and time of facsimile transmission; and
 - Number of pages of facsimile transmission.
- (7) The clerk of courts is expressly authorized to charge a fee for this service—both for the transmission itself and a per-page charge—in an amount determined by the clerk. Payment of fees must be arranged in advance for any facsimile transmission. The risk of facsimile filing remains with the sender, and the clerk of courts assumes no responsibility for any facsimile-related problems.

**RULE 1.4
DEPOSIT AND PAYMENT OF COSTS**

(A) No new or reactivated civil action or proceeding will be accepted by the clerk for filing unless the appropriate deposit has been paid. Upon termination of the case, if costs remain unpaid, appropriate orders will be imposed to collect the costs. Except as otherwise provided by law, the cost schedule prominently displayed in the clerk's office will dictate the required cost deposit in each case.

(B) Final judgment entries must contain a provision for payment of costs. The clerk of courts will apply the deposit to the costs in the case, regardless of the party against whom the costs are assessed.

(C) If the party initiating the action or proceeding is unable to pay the cost deposit, as set forth in Local Rule 1.4(A), the party must file an affidavit, signed before a deputy clerk of court, reflecting the inability to post the required cost deposit. An affidavit of indigence filed in lieu of cash deposit must be filed on the approved form or a form that contains substantially the same financial information. The filing of an affidavit of indigence is not determinative of whether a party will be assessed costs at the conclusion of the case. If the trial court should determine that a cash deposit should not be waived, the party initiating the action or proceeding will be permitted an opportunity to pay the required security deposit. If the deposit is not paid as ordered, then the proceeding may be dismissed by the trial court after 30 days' notice of the impending dismissal.

(D) If any judgment entry requires the clerk of courts to file or record any judgment entry or document in any office or department other than the clerk of courts, and if a cost or fee is required and money or funds sufficient to pay that cost or fee are not on deposit, the clerk of courts will file the entry in the clerk's office but will not file or record it elsewhere. Instead, the clerk of courts will mail a certified copy of the judgment entry or document to the party on whose behalf the judgment entry or document was to be filed or recorded. The judgment entry or document will be accompanied by a cover letter stating that the clerk of courts was unable to file or record the judgment entry or document because funds on deposit with the clerk of courts were insufficient to cover the cost to file or record the judgment entry or document. The letter will also note that due to the lack of a sufficient deposit, the judgment entry or document is being provided to the party so that the party may, on his or her own, pay the cost or fee to file or record the judgment entry or document.

**RULE 1.5
TRIAL PROCEDURE**

(A) Trial procedures will be in accordance with applicable statutes, any rules adopted by the Supreme Court of Ohio, and any trial procedures adopted by the trial judge.

(B) Except with the permission of the judge, only one attorney for each party will be permitted to speak on any motion or upon any question arising in the trial of a case, and only one attorney for each party will be permitted to examine the same witness in any trial or proceeding before the court.

**RULE 1.6
SPECIAL PROJECTS FEES**

A special-projects fee will be charged as a court cost in the case whenever a new criminal case, civil action or proceeding, or judgment by confession is filed. The amount of that fee will be set by order of the court and may differ depending on the case type. No special-projects fee will be charged for certificates of judgment, petitions for certificates of qualification for employment, petitions for civil protection orders, and applications for sealing or expungement.

**RULE 1.7
PLEADINGS AND MOTIONS**

(A) Case Caption

Every pleading, motion, and memorandum filed must be legibly typed or printed using a minimum font size of 12 points on 8.5-inch by 11-inch paper, paginated at the bottom of each page, and have typed or printed the case name, the case number, and the name of the judge. If the action is classified under Local Rule 1.13 as an action for foreclosure or is otherwise an action requesting the sale of real property located in Delaware County, Ohio and the Delaware County Treasurer or the Delaware County Auditor is a party to the action, each pleading, motion, and memorandum must list in the case caption beneath the judge's name, the Delaware County permanent parcel number(s) of each of the real propert(ies) that are the subject of the action.

(B) New Parties

When a new party plaintiff or defendant is added to a case after its commencement, the caption of that pleading adding the new party must contain the name and address of the new party, followed by the appropriate designation.

(C) Proof of Assignment

Upon filing and where appropriate, complaints must have attached proof of assignment to the plaintiff from the original creditor or original party-in-interest to establish the plaintiff's standing and the jurisdiction of the court. The court may dismiss the complaint without prejudice if the proof of assignment is not attached to the complaint.

(D) Authority Cited

All motions, where appropriate, must be accompanied by a memorandum in support of the motion, setting forth the specific grounds for the relief sought, along with citations to controlling authorities relied upon in requesting the relief. Unless otherwise ordered, counsel must not attach copies of any cases or statutes cited if that authority is readily accessible through electronic research sources. Where appropriate, all memoranda filed regarding a pending motion must include page and document references to evidentiary material for all factual assertions.

(E) Proposed Entry

Except as otherwise ordered by the judge, all motions (except dispositive motions) must be accompanied by a proposed entry in Word format. Failure to submit an entry may delay consideration of the motion or result in the court denying the motion for failure to comply with this rule. That entry should not be labeled as “Proposed” in the heading. The Word format of the entries must be submitted to the email address [either HemmeterCourt@co.delaware.oh.us or SchuckCourt@co.delaware.oh.us] for the assigned judge’s chambers.

(F) Oral Hearing Request

If an oral hearing on the motion is desired, the motion must contain a request for oral hearing, with the anticipated length of the hearing, in the caption. Motions will not be set for hearing unless the court determines that a hearing is necessary.

(G) Extensions

The dates and time periods set forth in Civ.R. 6(C) may be modified by the court upon written application and for good cause shown. A request for an extension must be filed prior to the date the proposed filing is due. A late filing may be stricken by the court if leave of court is not sought and granted to file the document outside of the time periods set forth in Civ.R. 6(C).

(H) Page and Font Requirements

No motion or memorandum may exceed 25 double-spaced pages using a minimum 12-point font, exclusive of supporting documents. Reply memoranda may not exceed 12 double-spaced pages. Any motion or memorandum exceeding 20 pages must include a table of contents and table of authorities, including reference to the main sections of the memorandum and the principal arguments and citations to primary authority made in each section, as well as the pages on which each section and any sub-sections may be found. The court may strike any motion or memorandum in excess of these page limits. Requests for leave to file memoranda in excess of these page limits must be made by a motion that is filed before the motion or memorandum exceeding these page limitations is filed.

(I) Duplicates of Filings

Duplicates of pleadings or documents already in the file should not be attached as supporting exhibits or appendices but should be incorporated by reference.

(J) Courtesy Copies

A courtesy copy of all filed motions and memoranda (in support of, contra, and reply), including those filed electronically, must be submitted by the attorney or party filing the motion to the assigned judge in person, by mail, by facsimile, or by e-mail [either HemmeterCourt@co.delaware.oh.us or SchuckCourt@co.delaware.oh.us].

RULE 1.8 VISITING JUDGES

(A) Assignment for Specific Period of Time

When the Chief Justice of the Supreme Court of Ohio assigns a visiting judge for a specific period of time, the certificate of assignment will be filed with the clerk and docketed on the administrative journal. When a visiting judge is scheduled to hear a proceeding, the court's online daily docket will reflect the language "VISITING JUDGE." This designation on the daily docket will constitute notice that a visiting judge will be presiding. A copy of the file-stamped certificate of assignment will be placed in the case file of every matter considered.

(B) Assignment for a Specific Case

When the Chief Justice of the Supreme Court of Ohio assigns a visiting judge to preside over a specific case, the certificate of assignment will be filed with the clerk and included as part of the record in the case. The clerk will serve the parties on the case with a copy of the certificate of assignment constituting notice that a visiting judge will preside over that specific case.

RULE 1.9 APPEARANCE OF COUNSEL, TRIAL ATTORNEYS, AND SELF-REPRESENTED LITIGANTS

(A) All pleadings and motions served and filed on behalf of any party represented by counsel must be signed by one attorney in that attorney's individual name as required by Civ.R. 11. The signer should be the trial attorney. Following that attorney's signature, office address, telephone number, facsimile number, email address, and Supreme Court registration number, there must be set forth the designation "Trial Attorney for Plaintiff" (or Defendant). Firm names and the names of co-counsel or associate counsel may appear on the pleadings and motions. If filing by facsimile or electronically, refer to Local Rule 1.3.

(B) All pleadings and motions served and filed by an unrepresented party must be signed by that party, and the signature block should contain the following information, either typed or printed: the party's name, the designation that the party is self-represented, the party's address, a telephone number where the party can be reached, and an email address (if available).

(C) No separate notice of appearance is required.

(D) If the trial attorney designated in accordance with Local Rule 1.9(A) withdraws from the case, as provided in Local Rule 1.11, and a new trial attorney is substituted in his place, a written

notice of substitution of counsel must be filed.

**RULE 1.10
ADMISSION OF OUT-OF-STATE ATTORNEYS**

(A) An attorney not licensed to practice law in the State of Ohio, but who is licensed to practice law in any other state or in the District of Columbia, may, at the discretion of the judge, be permitted to represent a party or parties in any pending action or in any action to be filed in Delaware County, provided that the out-of-state attorney has done all of the following:

- (1) Provided proof that the out-of-state attorney has registered with the Supreme Court Office of Attorney Services in accordance with Gov.Bar R. XII;
- (2) Certified in writing that he or she has familiarized himself or herself with these Local Rules and will familiarize himself or herself with the appropriate Ohio Rules of Criminal or Civil Procedure, the Ohio Rules of Evidence, and the Ohio Rules of Professional Conduct;
- (3) Identified an attorney licensed to practice law in Ohio to act as his or her sponsor. The sponsoring attorney must provide written notice of his or her sponsorship to the court and certify the out-of-state attorney's compliance with this rule and the Rules for the Government of the Bar;
- (4) Submitted with the motion and certification an entry authorizing the approval of the motion; and
- (5) Identified the sponsoring attorney as co-counsel with the attorney admitted pro hac vice.

(B) The continuance of any scheduled trial or hearing date will not be permitted solely because of the unavailability of or inconvenience to the out-of-state attorney.

(C) The out-of-state attorney must timely renew his or her registration annually with the Supreme Court of Ohio, as required by the Rules of Practice of the Supreme Court of Ohio. Failure to do so will result in the attorney's removal from the case.

(D) If the sponsoring attorney withdraws as co-counsel with the attorney admitted pro hac vice during the litigation of the case, another attorney licensed to practice law in the State of Ohio must be substituted as co-counsel with the attorney admitted pro hac vice.

**RULE 1.11
WITHDRAWAL OF COUNSEL**

(A) An attorney desiring to withdraw from representation of a client must file a motion to withdraw stating the reasons for the withdrawal. The motion must also include the last current address and phone number of the client and certification by the attorney that the following

conditions have been met:

- (1) Notice has been given to the client advising the client of all orders and all upcoming assignment dates affecting the client;
- (2) The motion to withdraw is served on the client; and
- (3) Notice has been given to all counsel, or if unrepresented, notice has been given to the parties.

(B) No attorney will be permitted to withdraw from a case later than 20 days prior to a trial or dispositive hearing except in extraordinary circumstances.

RULE 1.12

ASSIGNMENT, TRANSFER, AND CONSOLIDATION OF CASES

(A) Individual Assignment System

- (1) The system used by the General Division of this Court to assign cases is known as the “Individual Assignment System” under Sup.R. 36. The Individual Assignment System is intended to ensure judicial accountability for the processing of individual cases; timely completion of cases through prompt judicial control over the pace of litigation; and equitable distribution of cases between and among all judges.
- (2) Upon the filing of a complaint in a civil action, or of an indictment, bill of information, or complaint in a criminal action, the clerk will randomly assign the case to a specific judge. The clerk will place the name of the judge to whom the case is assigned on the file. The assigned judge will retain the case until final disposition. All preliminary matters, including requests for continuances, will be submitted for disposition to the judge to whom the case has been assigned or, if the assigned judge is unavailable, to the administrative judge.
- (3) Nothing in this rule will prevent the transfer of either a civil or criminal case(s) from one assigned judge to another with the concurrence of the other judge. Such a transfer must specify the reason(s) for the transfer. All entries transferring cases under this rule must be signed by the transferring judge.

(B) Civil Cases

- (1) Assignment of Civil Cases. At the time of filing, a civil case will be randomly assigned to a judge.
- (2) Refiled Cases. If a case has been dismissed and is refiled, the refiled complaint must contain the following designation under the new case number: “THIS IS REFILED CASE #” followed by the prior case number. The clerk will assign the refiled case to the

previously-assigned judge.

- (3) Transfer and Consolidation of Cases. When actions involving common questions of law or fact are pending before different judges, the court may transfer, or a party in the highest-numbered case may move to transfer, the highest numbered case to the judge having the lowest-numbered case. If the transfer is approved by the judges in both cases, a party in either case may file a motion with the judge who will handle the cases to consolidate the actions, subject to the provisions of Civ.R. 42(A). The motion must be filed in each case that the movant seeks to consolidate. Consolidated cases will be assigned to the judge having the lowest-numbered case. The case schedule of the lowest-numbered case will control the proceedings of consolidated cases unless otherwise ordered by the court.

(C) Criminal Cases

- (1) Assignments. When a criminal case is filed with the clerk of courts, the case will be randomly assigned to a specific judge by a computer program designed to provide equitable and random distribution of cases among the judges of the General Division of the Court of Common Pleas. All subsequent transfers of cases between judges will be by entry.
 - (a) Co-defendants. If more than one defendant is indicted in a single indictment, each defendant's case will be assigned a separate case number.
 - (b) The only exceptions to the random assignment system are for cases subjects to sub-sections (2), (3), and (4) of this rule.
 - (c) In the event a case is subject to more than one criterion for assignment, the following order of priority applies: (i) refiled cases; (ii) community control cases; (iii) already pending trial cases.
- (2) Refiled Cases. If a case has been terminated by nolle prosequi or other form of dismissal, the refiled case must contain the following designation under the case number: "THIS IS REFILED CASE #" followed by the prior case number. The clerk will assign the refiled case to the previously-assigned judge. This rule applies to refiled indictments and to an indictment filed following a dismissal of the initial complaint.
- (3) Assignment of Cases with a Single Defendant.
 - (a) When a single defendant is named in a refiled case, the judge to whom the case was previously assigned will be assigned by the clerk's office to the refiled case.
 - (b) If sub-section (3)(a) is not applicable, when a single defendant is indicted in a new case, and that defendant already has an open community control case with a judge of this court, that defendant's newly indicted case will be transferred to the judge with

the open community control case.

- (c) If sub-sections (3)(a) and (3)(b) are not applicable, when a single defendant is indicted in a new case, and he or she already has a pending case with a judge of this court, that defendant's newly indicted case will be transferred to the judge assigned to the pending case.

(4) Assignment of Cases with Co-Defendants.

- (a) If multiple defendants are indicted in a new case or related cases arising from substantially the same alleged facts, all co-defendants will be assigned by the clerk to the judge randomly drawing the lowest case number. At the time of filing new indictments of additional co-defendant(s), the prosecuting attorney must include the name and case numbers of all other co-defendants on each indictment for case assignment purposes.
- (b) If multiple defendants are named in a refiled case or related cases, the judge to whom the cases were previously assigned will be assigned to the refiled cases.
- (c) If sub-section (4)(b) is not applicable, when multiple defendants are indicted in a new case or related cases and one or more defendants also have an open community control case with a judge of this court, all such co-defendants' newly indicted cases will be transferred to the judge with the open community control case. That judge will also be transferred all additional co-defendants' cases indicted thereafter. Where there is more than one co-defendant on community control, the newly indicted cases will be assigned to the docket of the judge with the lowest community control case number.
- (d) If sub-sections (4)(b) and (4)(c) are not applicable, where multiple defendants are indicted in a new case or related cases and one or more defendants also have a pending case with a judge of this court, all such co-defendants' newly indicted cases will be transferred to the judge with the pending case. That judge will also be assigned all additional co-defendants' cases indicted thereafter. Where there is more than one co-defendant with a pending case, the newly indicted cases and all pending cases will be assigned to the docket of the judge with the lowest pending case number.
- (e) If sub-sections (4)(b), (4)(c), and (4)(d) are not applicable, where multiple defendants are indicted in a new case or related cases and one or more defendants also have a pending case and a community control case with judges of this court, all such co-defendants' newly indicted cases will be transferred to the judge with the community control case. That judge will also be transferred all additional co-defendants' cases indicted thereafter. Where there is more than one co-defendant with a community control case, the newly indicted cases will be transferred to the docket of the judge with the lowest community control case number.

(5) Sub-sections (3), (4)(c), (4)(d), and (4)(e) of this Rule will not apply to cases in which the maximum possible sentence is the death penalty.

RULE 1.13

CLASSIFICATION OF CASES, DEADLINES, AND TIMING

(A) The time limits in these case-flow management rules will be calculated from the date of filing of the initial document invoking the jurisdiction of the Court of Common Pleas for civil cases and the date of arraignment for criminal cases.

(B) In conformity with the Supreme Court Rules of Superintendence, categories of civil and criminal cases filed in the General Division of the Court of Common Pleas of Delaware County will be as follows:

- A ----- PROFESSIONAL TORT
- B ----- PRODUCT LIABILITY
- C ----- OTHER TORTS
- D ----- WORKERS' COMPENSATION
- E ----- FORECLOSURES
- F ----- ADMINISTRATIVE APPEAL
- G ----- COMPLEX LITIGATION
- H ----- OTHER CIVIL
- I ----- CRIMINAL

(C) The initial determination of the category of the case being filed will be made by the party filing the case at the time of filing and will be indicated on the face of the complaint in the appropriate designated space in the case number, and will remain as a part of the case number unless otherwise changed by the assigned judge. The category appearing in the case number will continue in all subsequent filings. The classification form maintained by the clerk's office must be fully completed by counsel or the party at the time of filing any new civil case and must be file-stamped and contained in the official court file. (See [Appendix B](#).) Copies of the classification form will be made available, without cost, at the office of the clerk of courts.

(D) Complex Litigation - G - will not be designated at the time of filing, and this classification will be made only by the judge at the appropriate time and as set forth in Sup.R. 42.

(E) Other changes in categories may be made only by the judge, either sua sponte or upon motion. The party requesting and receiving a change of category must notify all parties in the case by providing them with a copy of the signed judgment entry allowing the change of category.

RULE 1.14

MOTION TO CONTINUE OR MODIFY TRIAL DATE

(A) **Continuances – Generally**

If a party seeks a continuance of a trial or hearing, the party must file a written motion and submit a proposed entry. All motions to continue must include the number of previous continuances and, in criminal cases, who sought the continuances, whether opposing counsel consents, whether time is waived, the try-by date, and dates counsel and witnesses are available for trial. The proposed entry must contain language for both granting and denying the motion, a box to check if the motion is granted or denied, and a place for the new trial date.

(B) Conflicts

- (1) Unless otherwise provided in these Local Rules, when a continuance is requested for the reason that counsel is scheduled to appear in another case assigned for trial on the same date in the same or another trial court of this state, the case that was first set for trial will have priority and will be tried on the date assigned. The court will not consider any motion for continuance due to conflict of a trial assignment date unless a copy of the conflicting assignment is attached to the motion and the motion is filed not fewer than 30 days prior to trial. When an attorney becomes aware of any assignment that might create a conflict, the attorney must advise the court and opposing counsel as soon as practicable.
- (2) For purposes of conflicts, criminal cases assigned for trial have priority over civil cases assigned for trial. Appellate proceedings take priority over trial-court proceedings.

(C) Failure to Appear for Trial

If a party seeking affirmative relief fails to appear for trial, the judge may enter an order dismissing the claim for want of prosecution. If a defendant fails to appear for trial, and the party seeking affirmative relief does appear, the court may order the party to proceed with the case and may decide and determine all matters ex parte.

(D) Failure to be Prepared for Trial

If a party or counsel appears for trial but indicates that the party or counsel is not ready for trial, the court may: (1) enter an order dismissing the claim for want of prosecution if the unprepared party is the party seeking affirmative relief; or (2) order the party seeking relief to proceed with the case, determining all matters.

RULE 1.15

NOTICE OF SETTLEMENT AND DISMISSAL

(A) Settlement

As soon as the parties have reached a settlement agreement prior to the trial date, Plaintiff's counsel must immediately notify the judge by telephone or email to the judge's chambers or file written notice of the settlement with the court. Failure to do so may result in sanctions, including jury costs if notice of the settlement is not given at least 24 hours prior to the trial date. If settlement is reached by mediation through the court's mediation program, the assigned mediator should provide written notice to the court.

(B) Dismissal

- (1) Notice of a partial dismissal must be provided to the court. The notice must indicate which parties have settled, which parties remain, which claims are dismissed, and which claims remain pending.
- (2) If a settled case is not dismissed within 30 days of notification of settlement to the court, the court may administratively dismiss the case.

RULE 1.16

USE OF RESTRAINTS ON A JUVENILE

Rule 55 of the Local Court Rules of Practice of the Juvenile Court of Delaware County is adopted and incorporated herein as it pertains to the use of restraints on a juvenile.

RULE 1.17

ENTRIES

(A) If requested by the judge, counsel for the party in whose favor a decision, order, decree, or judgment is rendered should submit to the judge a proposed entry that has been reviewed by all counsel. If counsel are unable to agree upon the entry, the entry should be submitted to the judge for review.

(B) If counsel fails to present an entry within the time prescribed after the decision, order, decree, or judgment is rendered, the judge may prepare and file the entry. The judge may impose sanctions for failure to comply with this Rule.

RULE 1.18

PROCESS SERVER

(A) Process Server

An individual or an agent of a legal organization may apply to be designated as a standing special process server or process server in an individual case. The applicant must submit an affidavit and an order for signature by the administrative judge. The applicant's affidavit must comply with Civ.R. 4.1 (See [Appendix A.](#))

(B) Contents of Affidavit

The affidavit must list the name, address, email address, and telephone number of the person to be appointed as a special process server, as well as an affirmation that the person: is at least 18 years of age; is a United States citizen or legal resident of the United States; holds a valid government-issued identification card, passport, or driver's license; is not a party or counsel for a party in the action; has no familial relationship to any party in the case; has no financial interest in the outcome of the case; has not been convicted, within the last 10 years, of any felony, offense of violence, or offense involving dishonesty or false statement, and is not currently under community-control sanctions, probation, post-release control, or parole; is not currently a respondent subject to any civil protection order; is familiar with the required procedure for service of process under the Civil Rules and these Local Rules; will conduct himself or herself in

a professional manner; and will carry out his or her duties in accordance with all applicable court rules.

RULE 1.19
TECHNOLOGY PLAN

The General Division adopts the technology plan detailed in [Appendix M](#).

RULE 1.20
ADMINISTRATIVE JUDGE

In accordance with Sup.R. 4, the General Division of the Court of Common Pleas shall designate one of the judges to serve as the administrative judge for a term of two years. The term of an administrative judge shall begin on January 1st of the year immediately following the designation of the administrative judge. The administrative judge may serve consecutive terms.

RULE 1.21
SUBPOENAS

Except for good cause shown, neither the clerk nor the sheriff is required to issue subpoenas, unless requests are filed with the clerk at least two days prior to the trial date. The form of subpoena must be in accordance with Civ.R. 45(A) and Crim.R. 17. Service of the subpoena must be in accordance with Civ.R. 45(B) and Crim.R. 17(D). The issuers of the subpoena under Civ.R. 45(C) are responsible for attaching to each subpoena the text of Civ.R. 45(C) and (D).

RULE 1.22
BROADCASTING, TELEVISIONING, AND RECORDING COURT PROCEEDINGS

Broadcasting, televising, recording, and photographing by news media during courtroom sessions, including recesses between sessions, is permitted with judicial permission under the following conditions:

(A) Administration

- (1) Requests for permission to broadcast, televise, record, or photograph in the courtroom must be made in writing to the assigned trial judge as far in advance as reasonably practical, but in no event later than one hour prior to the courtroom session to be broadcast, televised, recorded, or photographed unless otherwise permitted by the judge. Request forms may be obtained from the judge's office or the clerk of court's website.
- (2) The judge or a magistrate of this court may grant the request in writing consistent with Sup.R. 12 and this Local Rule. Written permission will be made a part of the record of the proceeding.
- (3) There shall be no recording of any of the following:

- (a) Conferences conducted in the courtroom between attorneys and clients,
- (b) Conferences conducted at the bench between counsel and the judge,
- (c) Victims or witnesses who have objected to being videotaped, recorded, or photographed, and
- (d) Conversations while the court is not in session, unless as permitted by the judge.

(B) Revocation of Permission

Upon the failure of any media representative to comply with the conditions prescribed by the judge, the magistrate, the Rules of Superintendence, or this Local Rule, the judge or magistrate may revoke the permission to broadcast, photograph, or record the trial or hearing.

RULE 1.23

COURT RECORDS MANAGEMENT AND RETENTION

(A) The court has adopted a records retention schedule for the retention and disposal of court documents. A copy of this schedule is attached as [Appendix N](#).

(B) The court has adopted a Public Records Policy, which is attached as [Appendix O](#).

**II. CIVIL RULES
OF PRACTICE AND PROCEDURE**

RULE 2.1

CASE FLOW MANAGEMENT

These case-flow management rules will apply to all civil cases filed in the General Division of the Court of Common Pleas, unless: (1) the case by its nature requires a more rapid adjudication such as in equity matters, habeas corpus, etc.; (2) the case, because of court-imposed stays, interlocutory appeals, removal to federal court, and remand, etc., requires a different schedule; or (3) the judge, by written order, places the case on a different schedule for resolution based on good cause shown. The suggested deadlines set by the Ohio Rules of Superintendence will be construed as maximums and will not preclude the more rapid resolution of cases under these Local Rules.

RULE 2.2

CASE SCHEDULE

(A) Case Schedule

The judge or magistrate will issue a scheduling entry. The court generally schedules trials or other final hearings within the suggested maximum timelines set by the Rules of Superintendence by case type. If desired, the parties may request a case-management conference or file a Civ.R. 26(F) report with proposed dates for the scheduling entry and a proposed discovery plan.

(B) Service of Case Schedule on Additional Parties upon Joinder

A party who joins an additional party or parties will be responsible for serving the additional party or parties with the existing case schedule, if any.

(C) Sanctions

The judge, upon motion of a party or sua sponte, may impose sanctions for failure to comply with these Local Rules and/or a case schedule and/or the Civil Rules. If the judge finds that a party or attorney has failed to comply with these Local Rules, the case schedule, or the Civil Rules regarding the case schedule or deadlines without reasonable excuse or legal justification, the judge may impose sanctions proportional to the extent or frequency of the violation(s). The judge and court staff may monitor cases on an ongoing basis to determine compliance with the case schedule and these Local Rules.

(D) Amended Case Schedule

The judge, either on motion of a party or sua sponte, may modify any date in the case schedule for good cause and on just terms. If the case schedule is modified on motion of a party, that party must prepare and present to the judge for signature an “Amended Case Schedule,” which must be promptly filed and served on all other parties.

RULE 2.3

PLEADINGS – EXTENSIONS AND AMENDMENTS

(A) Extensions

- (1) By agreement of opposing counsel, any party may be permitted up to two leaves to plead in response to a complaint, counterclaim, cross-claim, or third-party complaint, provided that the total extension of time does not exceed 28 days. The agreement of counsel should be evidenced by a “consent to plead” that has been signed by all parties to the action. This consent to plead should not be submitted to the court for signature.
- (2) When a party needs additional time beyond that provided in sub-section (A)(1) above, or where the parties cannot agree upon an extension of time, the party must file a written motion demonstrating good cause. The moving party must submit a proposed entry with its motion.

(B) Amendments

A party seeking leave to amend its pleading beyond the time permitted by Civ.R. 15(A) must file a motion for leave to amend. That motion must include a copy of the proposed amended pleading. If leave is granted, the party is required to file the amended pleading with the clerk of

courts within seven days.

RULE 2.4 DISCLOSURE OF POSSIBLE LAY AND EXPERT WITNESSES

(A) Disclosure

- (1) Each party must comply with the deadline(s) for the disclosure of witnesses as indicated in the court's scheduling entry.
- (2) The parties must comply not only with any pretrial orders from the court concerning expert witnesses but also with provisions governing expert testimony in Civ.R. 26(B)(7).

(B) Exclusion of Testimony

Any witnesses not disclosed in compliance with this Rule may not be called to testify at trial unless the judge orders otherwise for good cause and subject to conditions as justice requires.

(C) Cases without a Witness-Disclosure Deadline in the Case Schedule

In the event the judge does not specify a date for the disclosure of witnesses or expert witnesses, the parties must jointly disclose all their witnesses on or before the final pretrial conference, or 14 days before trial, whichever is later.

RULE 2.5 FILING OF DISCOVERY MATERIALS

(A) Generally

Pursuant to Civ.R. 5(D), the clerk will not accept for filing depositions upon oral examination, interrogatories, requests for production, and requests for admission unless: (1) the court otherwise orders, (2) they are to be used as evidence, or (3) they relate to a pending motion and are attached in support or filed contemporaneously with a pending motion.

(B) Depositions

- (1) All filings of depositions must conform to the Civil Rules. The clerk will not accept for filing an envelope containing more than one deposition.
- (2) Upon receipt of deposition, the clerk will file-stamp the deposition, place the deposition back into the envelope in which it was delivered, and reseal the envelope. Before an interested person views the deposition, the clerk will unseal the deposition, initial and date the envelope, and record on the envelope the person's name who has requested to view the deposition. The interested person may then view the deposition in the presence of the clerk. This Rule is not intended to limit any person's access to filed depositions, but rather to preserve the integrity of the depositions and exhibits appended thereto.
- (3) If a protective order or sealing order is placed on the cover of the deposition, the

deposition will not be unsealed, absent further court order.

**RULE 2.6
DISCOVERY**

(A) Discovery Disputes

Counsel must make every effort to resolve discovery disputes prior to filing motions with the court. Counsel must confer with each other by phone or in person in an attempt to resolve the discovery dispute before filing any discovery motion.

(B) Discovery Motions

Motions for protective orders or to compel discovery must be accompanied by a statement reciting the efforts made to resolve the matter and must contain a request for a hearing in the caption, if a hearing is desired. The parties must comply with any specific requirements in the judge's scheduling order regarding resolving discovery disputes prior to filing any discovery motions.

(C) Discovery Cutoff

The discovery-cutoff date specified in the case schedule will be the last date for any party to seek the involvement of the judge in the discovery process by way of motion seeking a ruling, an order, sanctions, or other court action, absent extraordinary circumstances. Voluntary, mutually agreed-upon discovery, including perpetuation of trial testimony by video recording or otherwise, may continue after the discovery cutoff in a manner that does not delay any other event on the case schedule.

**RULE 2.7
NOTICES AND STIPULATIONS OF DISMISSAL**

Notices and stipulations of dismissals filed under Civ.R. 41(A) do not require an order of the court and should not be submitted as proposed judgment entries for signature by the judge.

**RULE 2.8
DISPOSITIVE MOTIONS**

All motions asking the court to grant judgment or dismiss any claim or defense as to any or all parties will be considered a dispositive motion. All dispositive motions must be filed no later than the date specified in the case schedule or court order.

**RULE 2.9
DEFAULT JUDGMENTS**

(A) When a party against whom a judgment is sought has been served and has failed to plead or otherwise defend as provided by the Civil Rules, the party entitled to a judgment by default may apply in writing to the judge within 30 days after the date upon which the defaulting party should have pleaded or otherwise defended. The written motion must include where appropriate, if not

previously submitted to the court, the following documents: proof of assignment from the original creditor or original party in interest to the plaintiff, the last billing statement from the original creditor sent to the defendant(s), and evidence of damages sought or an affidavit explaining why the required documents are not available.

(B) In seeking a default judgment against a party, the moving party must certify by affidavit that the party against whom judgment is sought is not an incompetent, a minor, or currently serving on active duty in the military. The affidavit must be filed no later than the day of filing the motion for default judgment.

(C) The court may deny the motion for default judgment and dismiss the complaint without prejudice for failure to comply with the requirements of this section.

(D) Pursuant to Civ.R. 55(A), if the party against whom judgment by default is sought has appeared in the action, the motion for default judgment and written notice of the hearing on the motion, if any, must be served upon that party.

**RULE 2.10
SUMMARY JUDGMENT MOTIONS**

(A) The briefing schedule for all motions for summary judgment filed pursuant to Civ.R. 56 will be as provided in Civ.R. 6(C). Any party seeking to alter that schedule must file a motion.

(B) All affidavits, depositions, and other evidentiary material permitted by Civ.R. 56(C) in support of or in opposition to the motion for summary judgment must be filed contemporaneously with the motion or response that those materials support.

**RULE 2.11
ADMINISTRATIVE APPEALS**

(A) Subject to the discretion of the judge, a briefing schedule will be set by the court for most administrative appeals. The record must be filed no later than 28 days after the filing of the notice of appeal, unless an extension is granted. If no scheduling order is issued within the first four weeks after filing the notice of appeal, the following schedule applies:

<u>Filing</u>	<u>Days after filing of the Notice of Appeal</u>
Filing of Record	40
Dispositive Motions	54
Appellant's Brief	82
Appellee's Brief	96
Appellant's Reply Brief	103

(B) The judge may extend any deadlines in the case schedule or the default case schedule in subsection (A) above upon written motion of a party or sua sponte for good cause shown, such as

the complexity of the case or the length of the record. Unless the judge otherwise orders, the appeal will be deemed ripe for decision on the date set for the filing of the reply brief.

RULE 2.12

JURY DEPOSIT

(A) The first party making a jury demand before this court must make a jury deposit with the Clerk of Courts no later than 28 days before the trial date reflected in the case schedule. If the first party demanding a jury fails to timely make the deposit, any other party may preserve the right to a jury trial by making the jury deposit no later than 21 days before the trial date. Failure to make the jury deposit within the time allotted will constitute a final waiver of a jury trial unless the court for good cause permits a late-filed deposit.

(B) The trial judge may order a different deadline for making the jury deposit, and may order that the amount of the jury deposit be higher than otherwise provided in order to accommodate a trial that involves numerous parties, is likely to require additional jurors, is anticipated to be unusually protracted, or for other reasons.

RULE 2.13

TRIAL PROCEDURE

(A) In all civil actions that are tried to the court or to a jury, the following matters should be accomplished prior to trial, at a time that will be specifically designated in the court's scheduling order:

- (1) All exhibits must be exchanged by counsel and a courtesy copy provided to the judge's chambers.
- (2) All stipulations, except those necessarily arising in the course of the trial, must be submitted in writing, approved by the parties and counsel, and filed with the clerk of courts.

(B) All counsel and all parties should be present in the courtroom at least 30 minutes prior to the time the trial is scheduled to commence.

(C) Use of Depositions at Trial

- (1) Any pre-recorded deposition filed with the clerk of courts must be accompanied by a written transcript.
- (2) In the event a party wishes to present at trial a pre-recorded deposition as trial testimony, counsel should arrange with the court to have the court's audio-visual playback system available for trial.
- (3) If there are objections interposed during stenographic or audio-visual depositions to be offered at trial, the party offering the deposition should request a ruling upon each

objection to allow its timely editing reflecting the rulings prior to trial. Counsel's objections, if any, should be indexed, and the grounds for the objections should be set forth clearly.

- (4) Counsel must arrange to have the appropriate redactions on the pre-recorded deposition made prior to the start of trial.

(D) Exhibits

All exhibits must be marked by counsel, as ordered in the scheduling entry. The court reporter or courtroom deputy will be the official custodian of all exhibits offered during the trial of any case and will retain the exhibits until otherwise ordered by the court.

After judgment and appeal, or after appeal time has expired without appeal, counsel should file a motion for the release of exhibits and provide a proposed entry to the judge. The court reporter or bailiff will provide a receipt for the exhibits upon their release.

**RULE 2.14
MEDIATION**

(A) Ohio Uniform Mediation Act

The General Division of the Court of Common Pleas incorporates by reference the R.C. Chapter 2710 "Uniform Mediation Act" (UMA).

(B) Court-Sponsored Mediation

Any civil case may be referred to the court's mediation program by motion and approval of the court. The party's motion must request to participate in the court's mediation program and indicate the reason the case is a good candidate for mediation.

- (1) Screening Process. Upon approval, the parties must submit a pre-screening mediation questionnaire to the appointed mediator. The answers to this questionnaire will be kept strictly confidential and will not be shared with the court, attorneys, or other parties. The mediator will also conduct a verbal screening the day of mediation.
- (2) Timeline for Mediation. After a case has been approved for mediation, the mediation should be completed within 60 days. Mediators should report the result of the mediation within 10 business days following the mediation session.
- (3) Cost of Mediation. The court will pay the approved mediator for the actual time spent in the matter, up to eight hours of mediation time. In the event the mediator or the parties would like to request that the court pay for additional mediation time, they may file a motion with the court prior to incurring those expenses.
- (4) Private Mediation. The court's mediation program does not prevent parties from utilizing a private mediator at their own expense. In order for the mediation cost to be covered by

the court, the parties must file a motion, receive approval from the court, and utilize the appointed mediator.

(5) Eligibility:

- (a) General. The court may order parties to mediation in any civil action filed in this court. A case may be submitted to mediation as provided in this Local Rule. The court may issue an order on its own motion, upon the motion of counsel, upon the request of a party, or upon referral by a mediator.
- (b) Exceptions. Mediation is prohibited as an alternative to the prosecution or adjudication of domestic violence; in determining whether to grant, modify, or terminate a protection order, except as allowed by the Rules of Superintendence; in determining the terms and conditions of a protection order; and in determining the penalty for violation of a protection order.

(C) Confidentiality

- (1) General. All mediation communications related to or made during the mediation process are subject to and governed by the Uniform Mediation Act. Mediation communications are confidential, and no one may disclose any of these communications unless all parties and the mediator consent to disclosure. This court may impose penalties for any improper disclosures made in violation of this rule. Disputes regarding confidentiality should first be addressed with the mediator where possible.

By participating in mediation, a nonparty participant, as defined by R.C. 2710.01(D), submits to the court's jurisdiction to the extent necessary for enforcement of this Local Rule. Any nonparty participant will have the rights and duties under this rule as are attributed to parties, except that no evidence privilege will be expanded.

- (2) Exceptions. All mediation communications are confidential except: (a) parties may share all mediation communications with their attorneys; (b) certain threats of abuse or neglect of a child or an adult; (c) statements made during the mediation process to plan or hide an ongoing crime; and (d) statements made during the mediation process that reveal a felony.

(D) Referral to Resources

The court administrator will maintain resources for mediation parties, including victims and suspected victims of domestic violence, encouraging appropriate referrals to legal counsel and other support services such as Children Services, domestic violence prevention, counseling, substance abuse, and mental health services.

(E) Mediator Training and Education

A mediator must meet the qualifications of and comply with all training requirements of Sup.R. 16.23 and adopted pursuant to Sup.R. 16.22 governing mediators and mediation.

(F) Mediator Selection and Assignment

The following methods may be used to select the mediator for the case:

- (1) The court may assign a court mediator to mediate;
- (2) The court may randomly assign a mediator to the case from the court's roster of approved mediators;
- (3) Specific appointments may be made by the court, taking into consideration the qualifications, skills, expertise, and caseload of the mediator in addition to the type, complexity and requirements of the case;
- (4) Parties may select a mediator from the court roster, if any;
- (5) Parties may request leave to select a mediator without guidance from the Court. The court is not responsible for the quality of a mediator selected by the parties without guidance from the court and who does not meet the qualifications, education, and training requirements set forth in this Local Rule.

(G) Procedures

A party opposed to either the referral of the case to mediation or the appointed mediator must file a written objection with the court within seven days of receiving notice of the referral or the mediator appointment and explain the reasons for any opposition.

(H) Termination

If the assigned mediator determines that further mediation efforts would be of no benefit to the parties, he or she must inform all interested parties and the court that the mediation is terminated using the procedure required by this court.

(I) No Stay of Proceedings

All remaining court orders will continue in effect during any mediation. No order is stayed or suspended during the mediation process except by written court order. Mediation will not stay discovery, which may continue through the mediation process in accordance with applicable rules, unless agreed upon by the parties and approved by the judge or magistrate assigned to the case.

(J) Continuances

It is the policy of this court to determine matters in a timely way. Continuances of a scheduled mediation will be granted only by the judge or magistrate for good cause.

(K) Fees and Costs

Except as set forth in sub-section (B)(3) above, the court may impose upon the parties fees and costs for mediation. If there is a fee for mediation, unless otherwise agreed by the parties, the mediation fees will be shared equally. The court may waive fees and costs for an indigent party.

(L) Attendance - Sanctions

If any individual ordered by the court to attend mediation fails to attend mediation without good cause, the court may impose sanctions, which may include, but are not limited to, the award of attorney’s fees and other costs, contempt, or other appropriate sanctions at the discretion of the assigned judge or magistrate.

(M) Evaluation, Comments, and Complaints

It is the policy of the court to use mediation to benefit the parties, to assist in reaching a resolution, and to provide a process that is timely and flexible and maintains the trust and confidence of the public. Any mediation participant may submit written comments, complaints, or feedback regarding the performance of mediators receiving referrals from the court.

**RULE 2.15
RECEIVERSHIPS**

(A) Applicability

Unless otherwise ordered by the court in a specific case, this Local Rule governs practice and procedure in all receivership matters.

(B) Motions for Appointment of a Receiver

- (1) The court has no closed-panel or “approved” list of receivers. Any party may suggest candidates, but must be prepared to document their experience and expertise relative to the matter at hand, and certify that they are disinterested persons.
- (2) Parties seeking appointment must fully advise the court of the entire fee arrangement proposed to compensate the receiver, including all expense reimbursements and any commission contemplated for leasing or selling property. In addition, parties seeking a receiver must advise the court of the approximate value of the business or property likely to be managed in the receivership (if granted), and of the scope of work likely to be required of the receiver.
- (3) Absent an emergency in which irreparable harm is likely to occur, the court will not grant a receivership on an ex parte basis. A hearing on the motion for appointment of a receiver will be set at the court’s discretion.
- (4) The court will set a bond commensurate with the anticipated size of the estate, having in mind the views of secured creditors and the debtor. Accordingly, counsel must be prepared to present sufficient facts for the court to make an informed judgment on bond.

(C) Hearings and Requests for Procedural Orders

- (1) Motions for a receivership, fee applications, hearing requests, and other procedural matters relative to a receivership must be submitted in writing, with a proposed entry

submitted to the judge's chambers.

- (2) The party who submitted a proposed order entered by the court is responsible for serving it upon the receiver or receiver's counsel and upon all parties who have appeared, or for whom service of process remains underway. Proof of service must be filed by the party making service.
- (3) For good cause, the receiver or any party that has appeared may request an emergency hearing by contacting the court.
- (4) An evidentiary hearing at which the receiver or other witnesses are called to testify may be required by the court at any time.

(D) Qualifications to Serve as a Receiver

- (1) Every receiver appointed must be an individual who is a resident of Ohio, unless good cause is shown for an out-of-state receiver and such an appointment is permitted by R.C. 2735.02. An individual appointed as receiver may, with express court approval, work for an out-of-state business.
- (2) Every out-of-state business involved in a receivership must be represented by counsel having an office within this county or having familiarity with receivership practice in this court.
- (3) Upon accepting appointment, each receiver must affirmatively acknowledge in writing and filed in the record that he or she will:
 - (a) act in conformity with Ohio law and these Local Rules;
 - (b) deposit all funds coming into the receiver's hands into a separate trust account for the estate, with full contemporaneous record-keeping for all funds;
 - (c) avoid any conflict of interest;
 - (d) not directly or indirectly pay or accept anything of value that has not been fully and timely disclosed and formally approved by the court;
 - (e) not directly or indirectly purchase, acquire, or accept any interest in property managed, appraised, or sold through the receivership; and
 - (f) otherwise act in the best interests of the estate.

(E) General Duties of the Receiver

Unless the Court specifically authorizes a receiver to continue a business, the receiver must:

- (1) take control of the assets of the defendant debtor that are subject to the receivership;
- (2) give notice to all known creditors of the receiver's appointment;
- (3) afford reasonable opportunity for creditors to present and prove their claims, and, if deemed appropriate by the receiver or the court, publish in a newspaper of general circulation within the county a deadline for submitting claims;
- (4) cause the assets of the business to be preserved, inventoried, and, where appropriate, appraised;
- (5) determine the validity and priority of creditors' claims;
- (6) take such other appropriate steps as may be timely, reasonable, and necessary to reduce the assets of the business to cash on terms that maximize recovery for the benefit of creditors, including selling property free and clear of all liens, provided that the liens attach to the proceeds of the sale; and
- (7) make recommendations for appropriate distributions of cash or property between the various classes of creditors according to their priority, after such notice as the court deems appropriate.

(F) Receivership Plan and Progress Reports

- (1) At the outset of the receivership, or as soon thereafter as information becomes reasonably available, the court must be provided with a written plan for the receivership. Thereafter, the plan must be updated as significant developments warrant, or as part of ongoing periodic reporting to the court.
- (2) The initial receivership plan must identify:
 - (a) The nature of the debtor's business, and a concise statement of the circumstances leading to the receivership;
 - (b) Whether the present goal is to preserve and operate a business, collect rent on property, liquidate assets, or take other action;
 - (c) The significant assets of the receivership, including real estate, tangible or intangible property, inventory, cash on hand, accounts receivable, and claims against insurers or other third parties;
 - (d) Anticipated transaction costs predictably to be incurred, including upcoming financing or mortgage payments, government fees or taxes, receiver fees, accounting, appraisal or auction costs, and legal fees inherent in the plan (as best they can be estimated);

- (e) The anticipated duration of the receivership;
 - (f) If an active business is to be operated, the minimum number of employees needed to do so, and the estimated aggregate payroll (including benefits) per month;
 - (g) If property is to be liquidated, the estimated date by which appraisal and sale by the receiver can occur, and whether public or private sale is contemplated; and
 - (h) If litigation or administrative proceedings are underway or anticipated, the nature and expected cost of each such proceeding.
- (3) The first plan (and report of activity to date) must be submitted no later than two months after appointment of the receiver.
 - (4) Copies of each receiver's plan and report must be filed with the clerk, with service upon all parties who have made an appearance or for whom service remains pending. A duplicate copy should be submitted to chambers, together with a proposed entry approving the plan and report.
 - (5) Ordinarily, no approval of fees or other proposed action in a receivership will occur unless 14 days have elapsed following service of an updated plan or report, in order to allow interested parties to comment or object. However, for good cause the court may alter this notice period.
 - (6) After consideration, the court will approve or disapprove the plan and report by court entry.
 - (7) After filing the first plan and report, the receiver must file updated plans and reports no less often than semi-annually. Each should include a summary of action taken to date measured against the previous plan for the receivership; should set forth proposed future action; and should update previous estimates of costs, expenses, and the timetable needed to complete the receivership.

(G) Failure to Act Timely

Failure to timely prosecute a receivership, including delay in filing any plan or report required under this local rule, may result in removal of the receiver or attorney for the receiver, or withholding of fees for the receiver or counsel.

(H) Applications to Employ Counsel or Professionals

- (1) A receiver (or other party) requesting approval to retain an attorney or other professional (including appraisers, auctioneers, brokers, or real estate agents) whose compensation will be claimed against the estate or from proceeds of sale of estate property must apply to the court. All such professionals must be disinterested persons with no business relationship with the receiver, unless otherwise expressly disclosed and approved in advance by the court. Unless the court addresses the application during the initial hearing

on whether to grant a receivership, written notice of all such applications must be given to the debtor, all parties that have appeared, and all those for whom service of process remains pending.

- (2) The retention agreement between a receiver and every professional must be in writing. Every professional whose retention is approved by the court is, and will remain, subject to the jurisdiction of this court relative to approval of all professional fees and reimbursable expenses.
- (3) Applications for authority to retain professionals to assist a receiver should summarize the experience, current professional licensure, and other qualifications for every person sought to be retained. The application must affirmatively verify that:
 - (a) all necessary licenses are in good standing and not under suspension;
 - (b) appropriate conflict checks have been made by the professional;
 - (c) as to lawyers, professional liability insurance in an amount equal to the minimum coverage required by the Rule 1.4 of Ohio Rules of Professional Conduct is in force; and
 - (d) the contract retaining the professional will affirmatively state that the professional will avoid any conflict of interest in connection with work on the receivership; that gross proceeds of any sale or other transaction conducted by them will be immediately turned over to the receiver or placed in a separate trust account; and that they will not, under any circumstances, directly or indirectly purchase, acquire, or accept any interest in any property they manage, appraise, or sell through the receivership.
- (4) Applications to employ professionals must also set forth:
 - (a) the professional's usual and customary hourly rate or fee;
 - (b) the proposed fee, hourly rate, or other alternative method or formula for determining compensation in the receivership;
 - (c) whether any fees were paid to the professional during the one-year period preceding the filing of the application from, or involving, (a) the debtor in receivership, (b) a person or party closely related to the debtor, or (c) a person or party known to be adverse to the debtor and to have a material claim in the receivership; and
 - (d) the amount, date paid, and source of any retainer or other compensation already received by the professional for preparatory work relative to the receivership.
- (5) No fee, commission, expense reimbursement, or other direct or indirect compensation of

any nature may be accepted by any court-appointed professional that is not fully and timely disclosed to the court for prior approval.

(I) Expenditure Authority of the Receiver

- (1) A receiver appointed to take charge of property may expend funds without prior approval by the court to pay ongoing insurance premiums, fire safety and other security services, and utility bills. The receiver may also make emergency repairs essential to the safety and proper maintenance of the property and to preserve its value.
- (2) A receiver taking charge of an operating business must have authority to pay reasonable wages to employees and all reasonable and customary business-related expenses, subject to periodic accounting to the court.
- (3) All fees, compensation, or expense reimbursements to the receiver, counsel, or professionals require prior approval from the court. Such requests must be by motion, with notice given to all appropriate parties. A proposed order approving the request must be submitted to the court.
- (4) All expenses of the receivership, other than those specifically enumerated above, also require prior approval of the court if, in the aggregate, they exceed \$2,500 per month, or such other threshold as set by order in the specific receivership. Such request must be by motion, with notice given to all appropriate parties. A proposed order approving the request must be submitted to the court.

(J) Disposition of Property

- (1) With court approval, after any notice that the court deems appropriate, a receiver may use, sell, or lease property other than in the ordinary course of business.
 - (a) Unless otherwise ordered, a receiver must serve notice of the receiver's intent to sell or lease receivership property and the terms of such proposed sale or lease for all property. Notice must be given to all parties in the action and all persons known to have an interest in the property to be sold or leased.
 - (b) If any party or person having an interest in the property to be sold or leased files an objection within 14 days of service of the notice, the court may set the receiver's request for hearing or may rule based on the material of record.
 - (c) The receiver has the burden of proving the commercial reasonableness of a proposed disposition of property.
 - (d) If the court determines that a proposed disposition of property is commercially reasonable, the receiver will be authorized to proceed upon such terms and conditions as set by the court.

(e) The court may order that disposition of receivership property be effected free and clear of all liens and all rights of redemption regardless of whether the expected proceeds will be sufficient to satisfy all claims secured by the property. Upon any such disposition of receivership property free and clear of liens and rights of redemption, all mortgages, security interests, or other liens encumbering the property will attach to the proceeds of disposition (net of the reasonable expenses incurred in the sale of the property) in the same order, priority, and validity that the liens had immediately before the sale.

(2) Unless otherwise provided by law, valuation and sale of real property by a receiver need not occur using ordinary foreclosure procedures. However, if a receiver is appointed in a foreclosure proceeding, the mortgaged property must be sold in accordance with R.C. 2323.07 et al., unless otherwise approved by the court in accordance with the law.

(K) Payment of Receiver and Professional Fees

(1) Fee applications must be made in writing, with notice to all parties that have appeared. The receiver or counsel for the receiver must attach to each fee application a brief, updated plan and progress report, together with a billing summary concisely reflecting: (a) the dates on which work was performed; (b) a description of work performed; (c) the name of each individual performing the work; and (d) the hourly rate(s) sought to be charged, or other method used to calculate proposed fee(s) and expenses.

(2) Ordinarily, no approval of fees or other proposed action in a receivership will occur unless 14 days have elapsed following service of an updated plan or report, in order to allow interested parties to comment or object. However, for good cause, the court may alter this notice period. A proposed order approving any fees must be submitted to the court.

(3) Fees allowed for services by a receiver, counsel, and professionals employed by a receiver are within the sound discretion of the judge, giving due consideration to the complexity of the receiver's or professional's responsibilities, results achieved for creditors, and other relevant facts.

(4) An attorney acting as a receiver must clearly differentiate between fees sought for work performed as a receiver and for work separately performed as an attorney.

(L) Final Report to the Court and Creditors

When the final fee application is submitted, it must be accompanied by a receiver's final report that includes all of the following information:

(1) the total amount of money collected during the receivership, the total funds collected since the last interim fee award to the receiver and the source(s) of those funds;

- (2) the total funds previously disbursed to creditors;
- (3) the amount of money or any property remaining on hand;
- (4) the status of all known secured and unsecured creditors' claims;
- (5) the approximate number and admitted balances due creditors but remaining unpaid;
- (6) the approximate number and total of creditors' claims that remain open or unresolved;
- (7) proposed final distributions to creditors and the date by which the receiver proposes to make them and close out the case;
- (8) the total administrative expense incurred to date, including fees paid to the receiver, attorneys, and other professionals;
- (9) the amount of additional administrative expense sought to be paid in the final fee application; and
- (10) any known objections or other positions taken by those having an interest in the receivership with respect to the receiver's final plan to wind up the case.

(M) Trade Secret or Privileged Information

If a receiver's report, motion, fee application, or other filing refers to trade secrets (such as a plan for operating an ongoing business, proposed sale prices, customer information, personnel matters, or other non-public information) or would necessarily reference attorney-client or work-product communications, then redacted documents may be filed in the public record and served upon all parties that have appeared. When that occurs, a complete un-redacted document should be submitted to the court for in-camera review. Upon application by the receiver or any party, the court will re-examine the document and determine whether previously redacted information should be disclosed in the public case file or for attorney viewing only.

**RULE 2.16
FORECLOSURES**

(A) Title Insurance

- (1) Preliminary Judicial Report. Pursuant to R.C. 2329.191(B), in every action demanding the judicial sale of residential real estate consisting of one to four single-family units, the party or parties seeking such judicial sale must file, within 14 days after the filing of the pleadings requesting such relief, a preliminary judicial report, including:
 - (a) a legal description of each parcel of real estate to be sold at the judicial sale;
 - (b) the street address of the real estate or, if there is no street address, the name of the

street or road upon which the real estate fronts together with the names of the streets or roads immediately to the north and south or east and west of the real estate;

- (c) the county treasurer's permanent parcel number or other tax identification number of the real estate;
- (d) the name of the owners of record of the real estate to be sold;
- (e) a reference to the volume and page or instrument number of the recording by which the owners acquired title to the real estate;
- (f) a description of the record title to the real estate; however, easements, restrictions, setback lines, declarations, conditions, covenants, reservations, and rights-of-way that were filed for record prior to the lien being foreclosed are not required to be included; and
- (g) the name and address of each lienholder and the name and address of each lienholder's attorney, if any, as shown on the recorded lien of the lienholder.

The preliminary judicial report will be effective within 30 days prior to the filing of the complaint or other pleading requesting judicial sale.

- (2) Final Judicial Report. Prior to submitting any order or judgment entry to the court that would order the sale of the residential real estate described in section (A), the party or parties submitting the order or judgment entry must file with the clerk a final judicial report that updates the state of the title to that real estate from the effective date of the preliminary judicial report through the date of lis pendens. Where the evidence of title indicates that a necessary party or parties have not been made defendants, the attorney for the party submitting the judgment decree should proceed without delay to cause those new parties to be added and must serve a copy of the complaint in accordance with the Ohio Rules of Civil Procedure.
- (3) Taxing Title Examination Costs. The costs of the title examination necessary for the preparation of both the preliminary judicial report and the final judicial report, together with the premiums for those reports computed as required by the department of insurance, based on the fair market value of the real estate, or in the case of a foreclosure, the principal balance of the mortgage or other lien being foreclosed on or any other additional amount as may be ordered by the court will be taxed as costs in the case. In the event the requesting party has been required to pay the preliminary judicial report premium in advance, the advancement will be includable as a reimbursement cost upon the filing of a copy of the premium statement and evidence of payment.
- (4) Sales of Commercial Property and Residential Property with Four or More Units. In every action demanding the judicial sale of residential real estate consisting of more than four single-family units or of commercial real estate, the party seeking that judicial sale

must file with the clerk within 14 days after filing the pleadings requesting relief either a preliminary judicial report or a commitment for an owner's fee policy of title insurance on the form approved by the department of insurance that is prepared and issued by a duly licensed title insurance agent on behalf of a licensed title insurance company. The commitment must have an effective date within 14 days prior to the filing of the complaint or other pleading requesting a judicial sale and must contain all of the information listed in section (A) for a preliminary judicial report. The commitment must cover each parcel of real estate to be sold, must include the amount of the successful bid at the judicial sale, must show the purchaser at the judicial sale as the proposed insured, and must not expire until 30 days after the recordation of the deed by the officer who makes the sale to that purchaser. After the officer's return of the order of sale and prior to the confirmation of the sale, the party requesting the order of sale must file with the clerk an invoice for the cost of the title insurance policy, commitment cost related expenses, and cancellation fees, if any. The amount of the invoice will be taxed as costs in the case. The purchaser at the judicial sale may, by paying the premium for the title insurance policy, obtain the issuance of title insurance in accordance with the commitment.

- (5) Distribution Entry and Release of Liens. The party or parties requesting the order of sale must prepare a distribution entry showing court costs assessed, which includes the invoice for the cost of the title insurance policy and cancellation fees, if any, verified by the clerk's and recorder's offices on a "Court Certificate of Release" (see [Appendix K](#)) and all other costs.

(B) Statement of Acceptability

In actions for the marshaling and foreclosure of liens, any other judicial sale of real estate, or any action involving title to real estate, except in cases where the premises involved are registered under the Torrens Law, the attorney for the plaintiff must secure from the Delaware County Engineer, and file simultaneously with the complaint, a statement reflecting the acceptability, or lack thereof, of the description of the real estate, for transfer purposes. In the event that a new survey of the real estate is necessary in order to secure a legal description acceptable for transfer purposes, the cost thereof will be taxed as costs in the proceeding. In the event that the description of the real estate is not acceptable for transfer at the time of the filing of the complaint and as reflected upon the Delaware County Engineer's Statement, a new description acceptable for transfer purposes must be secured during the pendency of the case and prior to the issuance of an Order For Sale. The new description must be submitted to the Delaware County Engineer for a determination of acceptability of transfer and a statement pertaining thereto must be secured from the Delaware County Engineer, and the same will not issue unless the description of the real estate is acceptable for transfer by the Delaware County Engineer. (See [Appendix L](#))

(C) Assignment of Note and Mortgage

In actions for the marshaling and foreclosure upon liens, any party seeking judgment must file the following documentation:

- (1) A copy of the note and evidence that the plaintiff is the holder in due course of the note.

If the note does not reflect that the plaintiff is the holder, an assignment of the note must be filed, proving that the plaintiff is the holder of the note.

- (2) A copy of the mortgage and evidence that the plaintiff is the mortgagee of the mortgage. If the mortgage does not reflect that the plaintiff is the mortgagee, an assignment of the mortgage must be filed, proving that the plaintiff is the mortgagee.

(D) Complaint for Foreclosure

Upon filing and where applicable, complaints must have attached proof of assignment to the plaintiff from the original creditor or original party-in-interest to establish the plaintiff's standing. The court may dismiss the complaint without prejudice if the proof of assignment is not attached to the complaint.

(E) Grounds for Dismissal

Failure to comply with the foregoing provisions of this rule is grounds for dismissal of the case.

(F) Exception

This rule does not apply to any foreclosure brought by the State of Ohio, Delaware County, or any municipal corporation.

(G) Inactive Case

At the court's discretion, any case that is inactive for six months after judgment and not under a bankruptcy stay will be placed upon the court's inactive list. At that time, all costs must be paid. Any party seeking to reactivate an inactive case must pay a new deposit.

**RULE 2.17
JUDICIAL SALES**

(A) Conduct of Judicial Sale

Public auctions of real estate levied upon by execution may be conducted by the sheriff, or, upon order of the court, by a private selling officer. The sheriff and the private selling officer are authorized by statute to conduct the auction online. This rule is intended to be read in conjunction with judicial sale procedures described by the sheriff or private selling officer.

(B) Order of Appraisal

- (1) On all sales upon execution of real estate, the judgment creditor shall file with the clerk of courts a praecipe requesting the issuance of an order of appraisal to the sheriff, who has the responsibility for obtaining an appraisal in accordance with statute.
- (2) Appraisers must be provided reasonable and proper fees.

(C) Payment after Sheriff's Sale, Deposit, and Interest

- (1) Residential Property. On all sales upon execution of residential real estate, except where

the judgment creditor is the purchaser at sale, the successful bidder as purchaser must present, at the time of the sale, a deposit in the amount applicable to the purchase price as required by R.C. 2329.211(A). If the judgment creditor is the purchaser, a sale deposit is not required.

- (2) Commercial Property. As required by R.C. 2329.211(B), on all sales upon execution of commercial real estate, the successful bidder as purchaser must present, at the time of the sale, a deposit of at least 10% of the amount of the appraised value, or another percentage as determined by the Court. In no event may the amount deposited be less than \$300.
- (3) Balance Due. The unpaid balance of the purchase price is due and payable to the sheriff or private selling officer within 30 days from the date of confirmation. The sheriff or private selling officer must submit the funds to the clerk of courts within 14 days of receipt.
- (4) Interest. The purchaser may be charged interest on the purchase price if it is not paid within 30 days from the date of confirmation. Interest will accrue at the annual rate of interest provided in R.C. 1343.03 from the date of confirmation to the date of payment of the balance.

Any interest received will be distributed to the parties entitled to distribution of the proceeds of sale in the proper order of priority. This rule does not apply when the purchaser is the plaintiff.

(D) Return on Sale and Confirmation of Sale Entry

- (1) Return on Sale. No later than the first Monday following the date of the sale, the sheriff or private selling officer must file the return with the clerk.
- (2) Cost Verification. Each attorney must utilize a Court Certificate of Release (see [Appendix K](#)) to verify the costs prior to the preparation of the confirmation entry.
- (3) Submission of Confirmation Entry. The plaintiff's attorney must prepare and deliver a proposed entry confirming the sale to the court for signature, and must serve copies upon all parties or their attorneys of record by regular mail, within seven days after the filing of the return on sale. It is not necessary to obtain the approval of other parties or their attorneys prior to submitting the proposed entry. Failure to prepare the confirmation entry and present it to the court within the time limits may result in sanctions.
- (4) Approval of Confirmation Entry. Unless a proper written objection to the proposed confirmation entry is presented to the court by a party or the party's attorney within 14 days after the filing of the return on sale, the proposed entry may be approved by the court and filed with the clerk. If a proper written objection is made, the court will determine the validity of the objection and make an order determining the issue.

- (5) Preparation of Deed. Within seven days following the filing of the court's entry confirming the sale, the attorney who files the writ of execution will prepare a deed to the purchaser. The deed must conform to the requirements of R.C. 2329.36 and must be delivered to the purchaser upon payment of the full purchase price and interest, if any, unless the purchaser is the plaintiff.

(E) Failure to Complete Purchase – Sanctions

In the event a purchaser fails to pay within 30 days the balance due on the purchase price—including all court costs, costs associated with preparation of the deed, and any other costs or fees—the purchaser may be held in contempt of court. Any attorney of record in the case may file requesting the court to require the purchaser to show cause why he should not be subject to statutory sanctions. Failure to timely pay the balance of the sale price may result in the forfeiture of the deposit.

(F) Distribution of Excess Funds

If the confirmation entry identifies excess funds, the court will order the clerk of courts to provide notice of the funds to any defendant who may claim an interest in those funds. To qualify for distribution, a defendant claiming an interest must provide the clerk of courts with proof of identity and the amount due and owing. When necessary, the court will conduct a hearing to determine who is entitled to receive the excess funds.

**III. CRIMINAL RULES
OF PRACTICE AND PROCEDURE**

**RULE 3.1
GENERAL APPLICATION**

These Local Rules supplement existing rules governing the courts of Ohio. In any case where the Ohio Rules of Criminal Procedure or Local Rules do not resolve the issue before the court, the Ohio Rules of Civil Procedure are to be consulted.

**RULE 3.2
GRAND JURY PROCEEDINGS**

(A) Alternating of Presiding Judge

The grand jury is overseen on an alternating basis of four-month sessions by the judges of the General Division of the Court of Common Pleas of Delaware County.

(B) Transcription of Proceedings

The court reporter or any other transcriber will not prepare transcripts of testimony of grand-jury proceedings except upon order of the judge.

(C) Dismissal of Complaint

Criminal cases filed in this court on which no final action is taken by the grand jury within 60 days may be dismissed by the court. If a witness's testimony or other critical evidence is not available, the case may be continued by the court on motion of the prosecuting attorney for a definite period of time and the continuance noted in the report of the grand jury. Continuances must be presented to and approved by the judge who is responsible for the grand jury for that term of court.

(D) Alternate Grand Jurors

Not more than seven alternates will be seated on the grand jury.

**RULE 3.3
ARRAIGNMENTS**

(A) In all cases in which the prosecuting attorney has requested service of process to be accomplished by means of a summons, the sheriff will serve a copy of the judgment entry scheduling the arraignment and the notice of the right to appointed counsel upon the defendant at the time of the service of the indictment and summons.

(B) In all cases in which the prosecuting attorney has requested the service of process to be accomplished by means of a warrant, an arraignment will be scheduled immediately following the sheriff's return of the warrant to the clerk's office.

**RULE 3.4
TRANSPORT OF PRISONER TO COURT**

Where a defendant is incarcerated in a location other than the Delaware County Jail, defense counsel must confirm a defendant's location and submit a conveyance or transport order to the court at least seven days prior to any hearing where the defendant's presence is required or requested.

**RULE 3.5
BAIL FORFEITURE**

Notice of bail forfeiture will be sent by the clerk to the defendant and to the surety in a form as may be approved by the court. The defendant and surety, on or before the date set forth, shall show good cause why judgment should not be entered against them. If judgment is entered against the defendant and surety, no surety will be released nor will any penalty be released or remitted except upon the filing of a written verified application setting forth in detail the reasons why a release or reduction should be granted.

**RULE 3.6
INACTIVE CRIMINAL CASES**

Criminal cases in which further proceedings are not presently possible will be placed on inactive

status and considered closed for statistical purposes and may be subject to dismissal for want of prosecution. A case will be removed from that list when the defendant is available and proceedings resume or when the case is dismissed. Such cases will include those in which the defendant is not competent to stand trial, is confined in a penal institution in another state, has not been served, or cannot be found.

RULE 3.7 NOLLE PROSEQUI PROCEDURE

When the prosecuting attorney desires to voluntarily dismiss any criminal case under Crim.R. 48(A), a motion must be filed setting forth sufficient grounds for the requested relief and a proposed judgment entry submitted.

RULE 3.8 MOTIONS AND DISCOVERY

(A) Motions

- (1) The filing and consideration of motions in a criminal case is governed in general by Crim.R. 12 and Local Rule 1.7. A party may request a hearing in advance of trial to address a pending motion.
- (2) A courtesy copy of all motions and other written filings must be submitted to the judge by the attorney or party making the filing as provided in Local Rule 1.7.
- (3) Once a motion has been filed, any response to the motion must be filed and served upon opposing counsel no later than the fourteenth day following the filing of the motion, unless the court orders otherwise. A reply memorandum may be filed by the movant and served upon opposing counsel within seven days after service of the response.

(B) Discovery

Discovery is to be conducted in a manner that will eliminate delay and unnecessary expense. Upon demand for discovery, it is the duty of a party to promptly respond to the request. In any event, discovery should be provided within 14 days from the date of receipt of the demand, except in capital cases. The failure of a party to timely and fully respond may lead to the exclusion of evidence at trial.

RULE 3.9 INDIGENT DEFENDANTS

(A) Appointments

The Delaware County Public Defender's Office is responsible for indigent defense and may suggest the appointment of an attorney from the list of attorneys that is on file with the public defender's office.

- (1) Before defense counsel is appointed, a defendant must file a completed affidavit of indigence with the Public Defender's Office. The sole responsibility for determining the eligibility of a defendant for court-assigned counsel rests with the public defender's office. Eligibility will be determined according to the Ohio Public Defender Commission standards.
- (2) Attorneys who wish to be appointed to represent indigent defendants must complete an application for appointment as assigned counsel and meet the following criteria:
 - (a) be licensed to practice law in Ohio;
 - (b) be in good standing with the Supreme Court of Ohio;
 - (c) for trial level cases only, either (i) maintain an office in Delaware County or (ii) live in Delaware County and have arranged to meet with clients at a law office located in Delaware County; and
 - (d) maintain professional liability insurance as required by the Ohio Rules of Professional Conduct.
- (3) Appointments will be distributed as widely as possible among attorneys on a rotating system designed to pair the defendant's level of offense with an attorney who meets the qualifications for assignment as established by the Ohio Public Defender Commission standards. The public defender's office may appoint an attorney who is not next in sequence if an attorney who is next in sequence does not respond to the inquiry from the public defender's office within a reasonable time, is unavailable to represent the defendant, has a conflict, or the interests of justice require the appointment of a specific attorney instead of the next available attorney. If the public defender's office passes over the name of an attorney for any reason, the public defender's office will return to that attorney for the next appointment to the extent administratively feasible. If the attorney continues to not respond to inquiries from the public defender's office or if the attorney refuses a second time to represent a defendant due to unavailability, the office will not return to the attorney until the next rotation.
- (4) Not more than one attorney per indigent defendant will be appointed, unless the judge otherwise orders.
- (5) Immediately upon selection of an attorney, the Public Defender's Office will notify the judge of the suggested appointment, and the judge will file the appropriate entry appointing the attorney, unless the judge decides that the attorney is not suitable for that particular defendant or that case. The attorney should perform all duties as warranted by the facts of the case and must act in a professional manner. The attorney must personally represent the defendant for whom he or she was appointed and must not, absent an emergency, allow substitute counsel to represent the defendant.

- (6) The attorney must have a working phone with a secretary or voicemail in order to respond timely to calls from the court or the defendant. The attorney must also have a mailbox in the courthouse and is responsible for checking the mailbox on a regular basis so as to remain informed of scheduling entries and other case-related communication unless an alternative or electronic form of communication has been established and approved by the court.
- (7) Any court-appointed attorney who seeks to withdraw from representing a defendant must act in a manner consistent with the Ohio Rules of Professional Conduct.
- (8) Biennially, the Public Defender's Office will re-certify the list of attorneys approved for court assignments to ensure the attorneys continue to comply with requirements stated in OAC 120-1-10 and with the requirements in this Local Rule. The judges of the court will periodically review the list of attorneys approved for court assignments to ensure that the attorneys on the list remain qualified to represent felony defendants and that the work of those attorneys continues to meet the ethical standards set by the Ohio Rules of Professional Conduct. The judges of the court will also periodically review the appointments to ensure an equitable distribution of appointments. Per Sup.R. 8(F), persons pre-qualified to serve are not assured a substantially equal number of appointments. No person is granted a legal right or claim by virtue of this rule.
- (9) An attorney may be removed from the list for court-appointment assignments for good cause, including but not limited to the following reasons:
 - (a) failure to maintain licensure to practice law in the State of Ohio and to remain in good standing with the Supreme Court of Ohio;
 - (b) failure to meet the criteria established in this Local Rule;
 - (c) routine failure to respond timely to the public defender's office's attempts to assign cases or repeated refusal to accept assignment of cases without a valid reason, such as a conflicting interest;
 - (d) routine failure to respond to attempts by a judge's staff to schedule hearings;
 - (e) routine failure to attend scheduled court hearings or to arrive timely;
 - (f) routine failure to adequately prepare for court hearings;
 - (g) routine failure to maintain appropriate contact with clients;
 - (h) routine refusal of referred cases; and
 - (i) routine failure to timely submit the motion, entry, and certification for court-appointed counsel fees.

(10) In making appointments, the court will comply with Sup.R. 8.

(B) Pay and Time Records

Any attorney appointed to provide legal representation for an indigent defendant will be compensated according to a schedule approved by the county commissioners. Counsel must maintain itemized time records for each appointed case showing the dates of service, nature of services rendered, and hours worked. Counsel's itemized time records must be provided to the court upon request.

(C) Reimbursement of Expenses

- (1) A court-appointed attorney will be reimbursed for reasonable expenses of up to \$250 without prior approval of the judge. No allowance will be approved for fixed law-office overhead, daily copies of transcripts, or depositions, except as provided by law.
- (2) Expenses in excess of \$250 must be submitted to the judge for approval prior to their incurrence. All expenses must be documented with receipts.
- (3) Reasonable expenses include, but are not limited to, the fees paid to investigators or experts whose services are reasonably necessary for the proper representation of an indigent defendant charged with a felony. The factors to be considered by the judge are:
 - (a) the value of the service to the defendant's proper representation at trial; and
 - (b) the availability of alternatives that would fulfill the same functions as the service sought.
- (4) Upon motion and for good cause, the judge may order that the judgment entry authorizing the services be sealed and maintained by the clerk, along with all other original papers in the criminal case.

(D) Extraordinary Fees

- (1) An attorney's fees in excess of those set forth above may be granted by the judge in a Complex Case or in other extraordinary circumstances.
- (2) "Complex Case" is a case designated by the judge as such because that case involves multiple counts dealing with multiple separate incidents and involves an extraordinary amount of trial preparation or trial time.

(E) Timing for Requests for Compensation and Reimbursement

Requests for compensation must be made by each appointed attorney on forms supplied by the Ohio Public Defender Commission. The requests for compensation and reimbursement must be filed within the time guidelines established by the Ohio Public Defender Commission. An

attorney will be denied reimbursement for failure to meet the time deadlines or to comply with other reimbursement requirements. Attorneys should submit bills no later than 45 days after the last court date.

RULE 3.10
MENTAL HEALTH DOCKET

Recognizing that a mentally-ill offender poses special challenges to the criminal justice system, the court has created the mental health docket with the intent of protecting the community by reducing the recidivism of offenders with mental health disorders by improving and expediting the delivery of services to mentally ill criminal defendants through intense supervision and treatment. The full program description may be found in [Appendix H](#).

RULE 3.11
RECOVERY DOCKET

Recognizing that the offender who has a drug or alcohol disorder poses special challenges to the criminal justice system, the court has created the recovery docket with the intent of protecting the community by reducing the recidivism of offenders who are diagnosed with a drug and/or alcohol disorder by improving and expediting the delivery of services to the addicted criminal defendants through intense supervision and treatment. The full program description may be found in [Appendix I](#).

RULE 3.12
NEGOTIATIONS

(A) All plea agreements must be: (1) reduced to writing; and (2) signed and dated by the assistant prosecuting attorney assigned to the case, defense counsel, and the defendant.

(B) The plea agreement must be stated on the record at the change-of-plea hearing. Failure to comply with this Local Rule may result in the court's refusal to proceed with any change-of-plea hearing.

RULE 3.13
DAILY COPIES OF TRANSCRIPTS

Daily copies of transcripts to counsel in criminal cases will not be ordered, provided for, or permitted except in those cases where the sound discretion of the judge would require it in the interest of justice.

RULE 3.14
DISCLOSURE OF PRE-SENTENCE REPORTS

If a presentence-investigation report is prepared, it will be sent to the judge and made available for review by defense counsel (or by the defendant if he is unrepresented) and the prosecuting

attorney.

RULE 3.15
SURETY BAIL BOND REGISTRATION

(A) Registration

All bond agents and surety companies seeking to do business in the General Division of the Delaware County Court of Common Pleas must apply and file their required credentials by the first day of April of each odd-numbered year, in accordance with R.C. 3905.87. An application may be obtained at the clerk of courts or online at <https://clerkofcourts.co.delaware.oh.us/>. Registration after this date will require the filing of a petition and approval by the court. The Petition for Judicial Approval for Surety Bail Bond Agent Registration may be obtained at the clerk of courts or online at <https://clerkofcourts.co.delaware.oh.us/>.

(B) Failure to Produce

Upon a defendant's failure to appear at a scheduled hearing or trial, unless good cause is shown, the court will issue a warrant for the defendant's arrest, revoke previously established terms and conditions of bond, and order the forfeiture of the posted surety bond. A notice for a show-cause hearing will be issued to the bail-bond agent that he/she will have not less than 45 days but not more than 60 days to bring the defendant before the court. If the bail-bond agent is unable to secure the defendant's appearance within this time frame, judgment will be entered against the surety.

(C) Cancellation

Pursuant to R.C. 3905.932(K), a bail bond agent may not execute a bond in this state if a judgment has been entered on a bond executed by the bail-bond agent, and that judgment has remained unpaid for at least 60 days, unless the full amount of the judgment is deposited with the clerk of courts. Therefore, if a judgment remains unpaid for 60 days, registration with the clerk of courts under R.C. 3905.87 will be cancelled. In accordance with R.C. 3905.87(A), the bail-bond agent will not thereafter be permitted to post bonds at the court until the current obligations are met and credentials are submitted for registration during the next registration period.

IV. JURY-RELATED RULES

RULE 4.1
OPPORTUNITY FOR SERVICE

(A) The opportunity for jury service will not be denied or limited on the basis of race, national origin, gender, age, religious belief, income, occupation, disability, or any other factor that discriminates against a cognizable group or person.

(B) Consistent with R.C. 2313.12, jury service is an obligation of all registered voters of Delaware County who are not otherwise entitled to apply for a statutory excuse as provided in

(B) The list should include all registered voters in Delaware County, Ohio.

(C) The jury commissioners should exclude from the annual jury list the names of jurors permanently excused under R.C. 2313.14 and jurors discharged under R.C. 2313.21. A copy of the annual list must be certified by the jury commissioners and filed in the clerk's office.

RULE 4.3
RANDOM-SELECTION PROCEDURES

(A) As soon as practicable after receipt of an updated computerized elector list from the Delaware County Board of Elections and after entry of the list into the court's automated data processing equipment and creation of an annual or supplemental jury source list, appropriate directions will be entered into the court's automated data processing equipment for purposes of randomly creating an annual jury list or supplemental annual jury list as contemplated by R.C. 2313.09. The method of selection will be documented.

(B) The annual or supplemental juror lists must comport with R.C. 2313.09, and a duplicate will be certified and filed in the clerk's office.

RULE 4.5
TERM AND AVAILABILITY FOR JURY SERVICE

(A) Not less than 14 days prior to the random selection of prospective jurors for each part of the Annual Term of court, the administrative judge, by judgment entry, will designate the total number of prospective jurors to be randomly selected for the General Division of the Court of

Common Pleas of Delaware County, for the Probate-Juvenile Division of the Court of Common Pleas of Delaware County, and for the Delaware Municipal Court.

(B) Not less than 14 days prior to the random selection of prospective jurors for each part of the Annual Term of court for service in the General Division of the Court of Common Pleas of Delaware County, the administrative judge, by judgment entry, will separate prospective jurors into panels of equal number and assign dates on which the jurors should first report for jury service.

(C) At least six days prior to the random selection of prospective jurors for each part of the Annual Term of court, jury commissioners will publish a Notice of Drawing of Jurors in a newspaper of general circulation in Delaware County.

(D) At least six days prior to the random selection of prospective jurors for each part of the Annual Term of court, Written Notice of the Drawing of Jurors will be served on the clerk of courts of the Delaware County Court of Common Pleas and the administrative judge of the General Division of the Delaware County Court of Common Pleas, unless a signed waiver is executed and filed with the clerk of courts.

(E) The first 150 persons, or such other number as the court may so designate in a judgment entry, whose names are randomly selected from the annual jury list for Part I, Part II, and Part III of each Annual Term of Court will serve as grand jurors in the General Division of the Court of Common Pleas of Delaware County.

(F) The next 2,100 persons, or such other number as the court may so designate in a judgment entry, whose names are randomly selected from the annual jury list for Part I, Part II, and Part III of each Annual Term of Court will serve as petit jurors in the General Division of the Court of Common Pleas of Delaware County.

(H) The next up to 640 persons, or such other number as the court may so designate in a judgment entry, who are randomly selected from the annual jury list for Part I, Part II, and Part III of each Annual Term of Court will serve as petit jurors in the Delaware Municipal Court.

(I) In addition to the 2,990 jurors to be summoned as described above, the jury commissioners will create a list of up to 400 other persons whose names will also be randomly selected. Those persons will be kept in reserve during the year and will not be summoned unless needed.

RULE 4.6
NOTIFICATION AND SUMMONING PROCEDURES

(A) Immediately following the random selection of prospective jurors for each part of the Annual Term of Court, the Jury Office will mail a Summons to Serve as a Juror with a return service including Juror Questionnaires, Request for Excuse Form, Juror Information Sheets, Report Dates, Maps, Parking Pass, and a stamped self-addressed return envelope to each prospective juror selected for service in the General Division of the Court of Common Pleas of Delaware County.

(B) The notice summoning a person to jury service will be set forth in a single document that is phrased in a manner that is readily understood by an individual unfamiliar with the legal and jury systems. The notice will be delivered by ordinary mail and will clearly explain how and when the recipient must respond. The notice will also explain the consequences of failure to respond.

(C) Jurors who fail to report for service may be scheduled for a contempt hearing before the judge to inform the judge as to why they did not appear. Sanctions may be imposed as warranted.

(D) At the discretion of the judge's office, jurors may be provided with a "reminder letter" one week prior to their scheduled jury service. Jurors also will be provided with a pre-recorded jury service message and a toll-free number, as well as a web page, for purposes of informing them as to whether their jury service is needed on a specific date. The jury-service message will be activated on Friday before a Monday or Tuesday trial and will be functional throughout the weekend, and will be activated on any other weekday immediately preceding the day of trial. The time for activating the recorded message will be at the direction of the judge.

RULE 4.7

STATUTORY EXCUSE

(A) Statutory Excuses – Generally

All automatic excuses or exemptions from jury service shall be eliminated except for those exemptions provided in Ohio law. The judges or jury commissioners will excuse prospective jurors in accordance with R.C. 2313.14 and R.C. 2313.15.

(B) Requests for Excuses from Jury Service and Timing

- (1) A prospective juror who requests to be excused from jury service pursuant to R.C. 2913.14(A) must take all actions necessary to obtain a ruling on that request by not later than the date on which the prospective juror is scheduled to appear for jury duty.
- (2) Pursuant to R.C. 2913.14(A)(6), a prospective juror who requests to be excused because the juror is over 75 years of age must inform the court of the prospective juror's request to be so excused no later than the date on which the prospective juror is scheduled to appear for jury duty. The prospective juror must inform the court of the request to be so excused by appearing in person or by contacting the court by telephone, in writing, or by electronic mail.

(C) Continuing Hardship

- (1) A prospective juror may request to be excused or have his or her jury service deferred because his or her service would be a continuing hardship to them or members of the public.
- (2) For purposes of this section, continuing hardship involves circumstances in which any of the following apply:
 - (a) The prospective juror would be required to abandon a person under the prospective juror's personal care or supervision due to the impossibility of obtaining an appropriate substitute caregiver during the period of participation in the jury pool or on the jury;
 - (b) The prospective juror would incur costs that would have a substantial adverse impact on the payment of the prospective juror's necessary daily living expenses or on those for whom the prospective juror provides the principal means of support; or
 - (c) The prospective juror would suffer physical hardship that would result in illness or disease.
- (3) Continuing hardship does not exist solely based on the fact that a prospective juror will be required to be absent from the prospective juror's place of employment.
- (4) A prospective juror who asks to be excused because of a continuing hardship must provide the judge with documentation that the judge finds sufficient to support the request to be excused. If a prospective juror fails to provide satisfactory documentation, the court may deny the request to be excused.

(D) Deferrals for Service

A judge or jury commissioner may grant a deferral for jury service. Any such deferral must be for a reasonably short period of time.

(E) Records

The jury commissioners will keep a record of all proceedings before them or in their office, of all persons who are granted an excuse or deferral, and of the time of and reasons for each excuse or deferral.

**RULE 4.8
JUROR QUESTIONNAIRES**

(A) The juror questionnaire will be phrased and organized so as to facilitate quick and accurate screening and will request only that information essential for: (1) determining whether a person meets the criteria for eligibility; (2) providing basic background information ordinarily sought during voir dire examination; and (3) efficiently managing the jury system.

(B) A numerical list of prospective jurors and copies of prospective jurors' questionnaires will be provided to counsel, upon request, one week prior to trial.

(C) Questionnaires must be returned to the court immediately following trial. No copying of questionnaires is permitted.

**RULE 4.9

Counsel for the parties will thereafter be permitted to conduct an appropriate voir dire examination. Time limits on voir dire may be imposed based on the circumstances of the case.

(B) Voir dire examination will be limited to matters relevant to determining whether to remove a juror for cause and to determine the juror's fairness and impartiality.

(C) The judge will ensure that the privacy of the prospective jurors is reasonably protected and that counsel's questions are consistent with the purpose of the voir dire process.

(D) In both civil and criminal cases, the voir dire process will be held on the record.

(E) In both civil and criminal cases, the rules governing the voir dire examination will be as follows, unless the judge otherwise orders:

- (1) the case may not be argued in any way while questioning the jurors;
- (2) counsel may not engage in efforts to indoctrinate jurors;
- (3) jurors may not be questioned concerning anticipated instructions or theories of law;
- (4) jurors may not be asked what kind of verdict they might return under any circumstance;
and
- (5) questions are to be asked collectively of the entire panel whenever possible.

**RULE 4.10
REMOVAL FROM THE JURY PANEL FOR CAUSE**

(A) If the judge determines during the voir dire process that any prospective juror is unable or unwilling to hear the particular case at issue fairly and impartially, that prospective juror will be removed from the panel. Such a determination may be made on motion of counsel or by the judge.

(B) In civil cases, prospective jurors may be challenged for cause for those reasons specifically

set forth in R.C. 2313.17.

(C) In criminal cases, prospective jurors may be challenged for cause for those reasons specifically set forth in Crim.R. 24(C) and R.C. 2945.25.

**RULE 4.13
MONITORING THE JURY SYSTEM**

**RULE 4.14
JUROR USE**

The court will determine the minimally sufficient number of jurors needed to accommodate trial activity, taking into consideration the multiple assignment of criminal and civil cases on any given jury day. This information and appropriate management techniques will be used to adjust both the number of individuals summoned for jury duty and the number assigned to jury panels.

**RULE 4.15
JURY FACILITIES**

The Board of County Commissioners of Delaware County must provide an adequate and suitable environment for jurors in accordance with Standard 14 of the Ohio Trial Court Jury Use and Management Standards under the Rules of Superintendence.

Identification of potential participants begins after the participant has been charged with a qualifying offense, has a pending Motion to Revoke Bond or Motion to Suspend Community Control, or upon referral from the Court or community-control officer. Referrals may come from probation/community control officers, judges, jail staff, prosecutors, defense attorneys, law enforcement, community mental health centers or community substance abuse treatment centers. Referral forms (Appendix A) or a link to an electronic referral can be found on the Delaware County Common Pleas General Division or Adult Court Services websites.

Screening and Assessment

Within three days of receiving a referral, the Mental Health Docket Coordinator will schedule an appointment with the potential participant to provide information about the docket program and requirements for participation. If the potential participant is interested in participation, that person will be scheduled for screening. In the event the participant is incarcerated, the Mental Health Docket Coordinator will meet with the Defendant in jail. During the screening the Mental Health Docket Coordinator will evaluate the participant's legal and clinical criteria for placement and collect information such as criminal history, residency, education, employment, family, medical, mental health and substance abuse history. Potential candidates are promptly referred to appropriate services within the community. The specialized docket provides prompt access to a continuum of approved treatment and rehabilitation services.

A referral for a diagnostic assessment with a licensed clinical counselor or licensed independent social worker may be made when appropriate releases are voluntarily signed by the participant in addition to a consent waiver to share information with the treatment team. All participants will be required to sign a Disclosure of Confidential Information (a document allowing confidential information to be released) (Appendix B) in order for the Mental Health Docket Coordinator to obtain a copy of the diagnostic assessment (or summary) to establish clinical eligibility.

All screenings and assessments for treatment determinations shall be provided by programs or persons who are appropriately licensed and trained to deliver such services according to the standards of the profession. All mental health, chemical dependency and other assessments will include available collateral information to ensure the accuracy of the assessment.

The referred defendant or the defendant's guardian must complete a release-of-information form to provide for communication about confidential information, participation/progress in treatment, and compliance with the provisions of relevant law, including the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 300gg-42, as amended, and R.C. 2151.421 and 2152.99.

Key mental-health indicators that suggest potential difficulties in court processing and may indicate a candidate is not appropriate for the Mental Health Docket include:

- History of failure to respond to or adhere to psychotropic medication

The Mental Health Docket Judge has the discretion to decide on who participates in the Mental Health Docket. The participant will be educated on program requirements, rewards, sanctions, and reasons for termination through the use of the Participant Handbook and one-on-one consultation with the Mental Health Docket Coordinator and Probation Officer.

Legal Eligibility Screening

The Mental Health Docket Probation Officer will obtain background information about the candidate through the use of OHLEG, Criminal Case History reports, etc. A participant's criminal record for the proceeding five years may be considered for eligibility purposes. In the event that the participant's legal competency is an issue, the participant must be referred for a forensic assessment to determine if he or she is competent to participate. If the referred individual does not meet eligibility requirements, the case will be returned to the Court's regular docket.

Clinical Assessment

In the event that the participant meets the eligibility requirements, he/she will be referred for a diagnostic assessment if one has not already been completed. He/she must voluntarily sign the necessary releases of information to obtain collateral information as well as sign releases for appropriate treatment agencies. All screenings and assessments for treatment determinations are to be provided by programs or persons who are appropriately licensed and trained to deliver those services according to the standards of the profession.

The Mental Health Docket Coordinator will share collateral information with the agency completing the diagnostic assessment. The participant must contact the treatment provider within three days to schedule an appointment. Recognizing that time is of the essence, the provider will provide assessments and treatment plans to the docket coordinator as soon as reasonably possible. The participant must immediately contact the Mental Health Docket Coordinator if there are problems obtaining a diagnostic assessment. The assessment and treatment plan will be provided to the Mental Health Docket Coordinator and the Docket Judge. The assessment is not for public dissemination. The participant must demonstrate a pattern of severe and persistent mental illness. These symptoms must meet the criteria for an Axis I diagnosis in the DSM-5, DSM-5-TR, or any successor manual. Qualification

In the event that the Defendant does not meet legal, clinical, or other criteria, the Mental Health Docket Coordinator will notify the Docket Judge through written communication using

the Screening Recommendation Form (Appendix C). The referral source will also be notified. The participant's case will then proceed through the regular docket.

In the event the potential participant meets all the legal, clinical, and other criteria, the Mental Health Docket Coordinator will notify the Docket Judge and referral source through written communication. If the Docket Judge agrees to grant the Defendant admittance into the Mental Health Docket, the participant will schedule and attend an orientation session with the Docket Coordinator.

A participant must not be discriminated against if he or she meets the legal, clinical, and other criteria. A participant will not be denied admission for the following: race, color, religion, gender, sexual orientation, nation of origin, ancestry, age, citizenship, marital status, veteran status, or disability. All treatment-team members should be trained in cultural-competency issues.

Participant Indigence

No prospective participant will be denied admission to the Mental Health Docket based on an inability to meet any financial obligations to the court. The Mental Health Docket will consider any participant's ability to pay any fees or other financial obligations and will make reasonable payment accommodations based on each participant's individual financial circumstances.

Case Flow

After a plea or finding of guilt is made, the Court will refer the case to the docket coordinator who will screen defendants for eligibility. If the referral is coming from a defense attorney or prosecutor, he or she should file a Motion for Admission or submit a referral form to the Mental Health Docket Coordinator. Defendants will also be required to complete a diagnostic assessment and pre-sentence investigation as part of this process. Defendants must complete and sign releases of information to facilitate inter-agency communication on behalf of the defendant and Mental Health Docket team.

Upon completion of the screening and consideration of all applicable criteria and circumstances, the Mental Health Docket Coordinator will provide a written recommendation to the Court.

Based upon the recommendation of the Mental Health Docket Coordinator and review of the diagnostic assessment and pre-sentence investigation report and all applicable criteria and circumstances, the Docket Judge will determine whether the defendant enters the Mental Health Docket following sentencing or as a condition of Community Control. A Judgment Entry Transferring Case to Mental Health Docket should be filed if the case is being transferred to the Mental Health Docket from another court.

In the event the participant does not meet the criteria, his/her case will be returned to the Court's active docket. In the event the potential participant qualifies, the Mental Health Docket Coordinator will schedule the initial program admission orientation session, and the Mental Health Docket Probation Officer will schedule the participant's intake appointment.

During the program admission orientation session, the Mental Health Docket Coordinator will provide the participant with the Mental Health Docket calendar, the Participant Handbook, and ensure the participant signs all necessary Disclosure of Confidentiality forms. The participant will then be scheduled to observe the next Mental Health Docket status review hearing at which time he or she with counsel, will execute an Acknowledgement of Requirements of the Mental Health Docket. After the participant has observed one Mental Health Docket status-review hearing and has signed the Acknowledgement of Requirements of the Mental Health Docket, he or she will then begin attending and participating in Mental Health Docket status-review hearings.

Revocation/Violation Referrals

A participant who is currently on Community Control and has a violation and/or new offense may be referred to the Mental Health Docket for screening. The referral can come from the judge, probation officer, defense counsel or jail staff.

The Mental Health Docket Coordinator will screen the participant. Participants meeting the administrative criteria may as part of Community Control be ordered to successfully complete the Mental Health Docket.

Cases accepted from Revocation/Violation Hearings are referred to the Mental Health Docket as part of a condition of Community Control and ordered to successfully complete the program.

Case File Maintenance

The protocol to follow for the Mental Health Docket's case files must comply with Title 42 of the Code of Federal Regulations and HIPPA laws and regulations.

- Has life experience as a person in recovery and has the ability to build a relationship with the participant based on mutual understanding.
- Familiar with the local recovery community and recovery supports that are available in the community.

F. Prosecutor

The prosecutor's distinct role is in pursuing justice and protecting public safety and victims' rights. The prosecutor may or may not play an active role in the Mental Health

Docket. The prosecutor may provide input as to the acceptance of a participant in the Mental Health Docket. As the docket is primarily post-conviction, the prosecutor may or may not participate in treatment team meetings. The prosecutor is, however, a referral source for the program. The Mental Health Docket Coordinator will provide an orientation to the prosecutor on the Mental Health Docket process.

G. Defense Counsel

Defense counsel's primary role is to preserve the constitutional rights of the participants. The attorney will explain what rights are waived by entering the program, all necessary consents, possible sanctions, the circumstances that may lead to termination, and the effects of termination. The attorney will assist participants in making any decisions about entering the Mental Health Docket. The attorney will also be a referral source for the program. The participant has the right to request attendance of counsel during the portion of the treatment team meeting that applies to that participant. The Mental Health Docket Coordinator will provide an orientation to the defense counsel on the Mental Health Docket process.

1. The Mental Health Docket Team shall engage in on-going communication including frequent exchanges of timely and accurate information about the participant's overall performance. The communication shall take place over the phone, through bi-weekly treatment team meetings, emails or meetings with counselors and therapists.
2. In the event there is a conflict or disagreement regarding the obligations of the participant in the Mental Health Docket, the parties hereby commit to attempting resolution at the lowest administrative level appropriate to the issue. In the event that dialogue does not resolve the conflict, then the parties will put problems and/or concerns in writing to the signatories of the Memorandum. Within two weeks following receipt of the notice, the involved parties will meet in an attempt to satisfactorily resolve the issues. If the parties are unable to achieve satisfactory resolution, the appropriate Court will make the final determination as to the resolution of the conflict. The parties acknowledge that in the event of conflict over the services provided to a participant pursuant to a service provider's treatment plan, the service provider shall make the final determination as to the course of appropriate treatment. In the event of a conflict in the application of the separately agreed contractual and statutory provisions with those contained in the Memorandum, the contractual or statutory provisions shall prevail.
3. The Mental Health Docket members shall maintain professional integrity, confidentiality, and accountability. No protected information is disclosed involving treatment unless there is a written release of confidential information endorsed by a participant. Mental Health Docket team meetings/discussions are also deemed confidential and only shared

when necessary for the benefit of the participant. All members are expected to treat each other with respect, understanding their different roles while at the same time holding each other responsible for their participation and basis for recommendations.

4. The Mental Health Docket team members shall make reasonable efforts to observe required Specialized Docket service provider programs in order have confidence in the services provided and to better understand the treatment and programming process.
5. The Mental Health Docket team will work with the Advisory Committee to assess the overall operation of the Mental Health Docket. This includes revising all policies and procedures, monitoring team members outreach activities into the community and assist the Advisory Committee in developing the sustainability of the docket.
6. The Mental Health Docket treatment team meetings occur bi-weekly on the second and fourth Wednesday of each month one hour prior to the status review hearings.

Chapter 5 - Participant Monitoring

Treatment Team Meetings

The Mental Health Docket Treatment Team is responsible to monitor each participant's performance and completion of their Court Services Plan. The Mental Health Docket team will meet at 11:00am on the second and the fourth Wednesday of each month to discuss the participant's performance and progress.

The team will provide the Judge collaborative recommendations for the appropriate use of sanctions and rewards.

It is the Mental Health Docket Coordinator's responsibility to collect reports from each participant's treatment agencies and monitor the participant's compliance with their Court Services Plan, then provide the information to the Docket Judge and treatment team. In addition, the Mental Health Docket Probation Officer must inform the Docket Judge and treatment team of the participant's compliance with the conditions of Community Control and Case Plan.

Status Review Hearings

The status review hearings will be held twice a month on the second and fourth Wednesdays of the month beginning at 11:45 a.m.

The hearings will take place in a group setting before the Mental Health Docket Judge to encourage ongoing judicial interaction. All participants are expected to appear for each hearing. The benefit of meeting in a group setting is that it gives the participants the opportunity to educate each other on the benefits of compliance with the docket and the consequences of non-compliance.

The participants' attendance at the status review hearing will diminish over time as they progress through the phases. During Phases I & II participants will appear twice a month. During Phase III the participant will appear once per month and during Phase IV the participant will appear once every six weeks.

All participants will be required to sign a Disclosure of Confidential Information. This document explains that during the proceedings the participant's participation and progress will be discussed in open court.

Treatment and Services

Referral and screening are the first step. The participant must identify that they are being screened for the Mental Health Docket. Once the intake is complete the participant will be

scheduled for a comprehensive assessment to determine diagnosis. Some participants may need additional time to complete the assessment process. Based on the assessment the participant's treatment plan will be created with input from the participant. The participant will be placed into treatment as soon as possible in appropriate treatment services and programs.

Participants will be required to comply with a treatment plan from their treatment provider. These plans will be based on individual needs and will include evidence-based strategies.

All screenings and assessments for treatment determinations should be provided by programs or persons who are appropriately licensed and trained to deliver such services according to the standards of the profession. Meaning, all treatment providers will be licensed by the Counselor, Social Worker and Marriage and Family Therapist Board and/or Ohio Chemical Dependency Professionals Board.

- A. The participant will be provided a treatment plan based on their individual needs, and the services provided will incorporate evidence-based strategies. The evidence-based strategies will incorporate the Ohio Risk Assessment Tool utilized by the Adult Court Services Department. Information will be provided to the counselor/therapist to assist with treatment planning. The treatment agencies will utilize evidence-based practices such as Motivational Interviewing, Cognitive Behavioral Therapies, Stages of Change, and EPICS II. The participant will have access to a continuum of approved treatment and rehabilitation services. All specialized-docket treatment plans take into consideration services that are gender responsive and culturally appropriate and that effectively address co-occurring disorders.
- B. Treatment plans will be individualized for each participant based upon their needs. Some participants may need to be referred to an outside treatment agency to address any co-occurring disorders.
- C. All treatment plans must be appropriate and clinically necessary to the degree that the available resources allow.
- D. The Mental Health Docket Coordinator will maintain a current treatment plan designed for each docket participant which will change as the treatment provider deems appropriate. The Coordinator also maintains a record of activities (i.e., status sheet).
- E. All treatment service providers must be certified through the Counselor, Social Worker and Marriage and Family Therapist Board and/or Ohio Chemical Dependency Professionals Board and be able to deliver treatment according to their profession. They must meet the standards for provision for all intensive outpatient services including assessments, group, and individual counseling as well as crisis intervention services.

- F. The services provided by treatment agencies included registration/intake, alcohol and drug testing, assessment, developing of a treatment plan, group therapies, individual sessions, relapse prevention plans, aftercare plans, gender specific programming, family therapies, programming to address those individuals diagnosed with co-occurring disorders, medication, and medication monitoring. Furthermore, case management services are available to assist the participant with engaging with other ancillary services to meet their basic needs or support their recovery process. Examples of such ancillary services include housing, transportation, medical, vocational/employment and mental health needs. Finally, treatment agencies do drug screening analysis as part of their programming. This service observes chain of custody and follows policies and procedures for the delivery of these services.
- G. The participants will be provided resources and recommendations to local agencies that are available to assist with their needs.
- H. The treatment providers are strongly encouraged to provide a report to the Mental Health Docket Coordinator prior to treatment team meetings on the progress and participation of the participant in their recovery. The Court would prefer to receive all updates from treatment providers 48 hours prior to treatment team meetings. Treatment providers are provided an annual calendar of docket hearings to assist in managing this task. In the event a provider is unable to attend a treatment team meeting the Mental Health Docket Coordinator will follow up with a phone call and or e-mail.

The Mental Health Docket has a partnership through Memoranda of Understanding with Maryhaven, Southeast Healthcare, Access Ohio, LLC., and Safe Harbor Peer Support Services.

Phases of Mental Health Docket

The length of the program is 18 months, at a minimum. The program is divided into an orientation phase and three treatment phases. The phases are a way to monitor the participant's progress, motivation, and performance. The participant's progress through the phases is based on their compliance with the Mental Health Docket requirements, Court Services Plan, and treatment plans. Each participant will progress differently. Phases are not based solely on preset timelines. They are designed to build upon the skills acquired in the previous stage allowing the participants to effectively manage their mental illness (and chemical addiction, if applicable) and fostering stable, independent living. Each participant will have a Court Services Plan that the probation officer, docket coordinator, and the participant will sign after the participant has completed specific requirements for each phase.

Incentives

From time to time, participants of the Mental Health Docket may receive a reward or incentive provided by the Court as a way for the Court to support the participant and acknowledge that their hard work and determination is recognized. The incentives are immediate, graduated, individualized, and directly related to the achievements as certain milestones are met (i.e., participant compliance).

Examples of the times when the participant may be eligible to receive one of these rewards are as follows:

- Court ordered tasks, including mental health treatment and/or drug/alcohol treatment are completed
- Participant remains compliant with court orders for a significant period of time and demonstrates his/her commitment to treatment
- Participant moves to the next phase in the Mental Health Docket
- Participant keeps all scheduled appointments for a period of time, for example 2 weeks
- Sobriety maintained
- Improved behavior
- Regular attendance at status review hearings.

There are many different rewards/incentives that the court may have available for the participants. Some of these include but are not limited to:

- Words of encouragement and acknowledgement of positive progress in court
- Removal of sanctions that were previously ordered
- Decreasing number of urine tests
- Reduction of curfew
- Graduation to the next phase
- Dismissal of charge for those on Intervention In Lieu of Conviction
- Early termination from Community Control for those on Community Control
- Decreased/waived supervision fees
- Gift cards and/or gift certificates
- Graduation from the Mental Health Docket.

Sanctions, Service Responses, and Therapeutic Responses

Sanctions, service responses, and therapeutic responses will be graduated and individualized. They will be used at times when a participant is not complying with court orders, treatment, docket requirements, and probation requirements. Sanctions, service responses, and therapeutic responses are used to help the participant's behavior conform to program requirements. It should be noted that treatment will not be used as a sanction. Inappropriate behavior that may result in a sanction, service response, or therapeutic response may include but are not limited to:

- Failure to appear for a Mental Health Docket status-review hearing without being excused
- Not following court orders
- Not following treatment recommendations
- Missing or being late for scheduled treatment or docket/probation appointments
- Missed payments
- Dishonesty
- Failure to complete docket assignments
- Failure to provide a drug test or providing dilute urine screens
- Testing positive for illicit drugs or alcohol
- New charges or convictions

Sanctions for noncompliance are graduated and may include the following:

- Additional community service
- House arrest
- Curfew imposition or modification
- Incarceration
- Dismissal from the Mental Health Docket.

Service responses for noncompliance are graduated and may include the following:

- Verbal warning
- Assignments
- Increased alcohol and drug testing
- Increased attendance at status review hearings
- Increased probation appointments
- Courtroom observation sessions
- Daily reporting/"day jail" sessions

Therapeutic responses for noncompliance are graduated and may include the following:

- Skill development
- Homework/practice
- Referral for medication evaluation
- Increased level of treatment

Positive urines at intake will be considered a baseline drug test and will be documented. The treatment provider will be immediately notified of positive tests as well as the Mental Health Docket team.

It should be noted that for some participants, incarceration will result in a deteriorated mental state. While jail is an option, it should be used as a graduated sanction. Because stabilization of the individual is the key to success, incarceration for long periods of time or if it is used too frequently may disrupt medication regimens, treatment, housing, and the ability to parent children.

Jail sanctions will not be imposed for non-compliance without providing the affected participant with notice, a hearing, and the opportunity for legal representation. A participant may waive the right to a hearing (Appendix E) as long as that person has been given an opportunity to consult with an attorney and as long as any waiver is made knowingly, intelligently, and voluntary.

Relapses will be addressed with treatment providers to verify if the use is a continued use, or a relapse. The participant will be reassessed and be placed in the appropriate level of care to address the positive screen and to re-engage or re-stabilize the participant. The treatment provider as well as the Mental Health Docket team will be notified of the positive urine screen. Sanctions for the relapse may include but not limited to; increased, homework assignments pertaining to relapse/use, increased office visits and possibly jail.

The Mental Health Docket treatment team participates in determining the incentives and sanctions and the Mental Health Docket Judge will enforce and reinforce them. All sanctions and rewards will be documented in the participant's file and reviewed at status review hearings. An adjustment in treatment services, as well as participating in community based mutual support meetings, are based upon only the clinically informed interests of the participant. All incentives and sanctions are to be individualized. A participant does not have the right to contest sanctions that do not impact liberty.

Chapter 6 - Program Completion

Successful Completion

In order for a participant to graduate from the Mental Health Docket program, the participant must have completed all phases of the Mental Health Docket. The criteria for completion are listed on the Court Services Plan. The process for a participant to graduate is as follows:

- The Mental Health Docket Coordinator will review the completion of all phases utilizing the Court Services Plan and bring the potential graduate's name up at the treatment team meetings.
- Each potential graduate will submit a graduation application and life-management plan for review by the treatment team.
- The Mental Health Docket team will review the participant's docket record, behavior and accomplishments throughout the program and whether the goals of the court services and treatment plans have been met. The Docket Team will make a recommendation to the Docket Judge who will make the final decision.
- The Mental Health Docket Coordinator will announce a graduation date and inform local agencies of the time and location of the graduation ceremony. All active participants on the docket may attend the graduation. The graduation of each participant will be journalized by the Court.

Intervention in Lieu

The case will be disposed of through a judgment entry successfully terminating the Defendant from the Mental Health Docket and sealing his/her record if all the statutory requirements have been met. A copy of the judgment entry will be presented to the participant at the graduation ceremony in addition to a certificate evidencing successful completion of the Mental Health Docket.

Post-Conviction

A judgment entry successfully terminating the Defendant from Community Control/Probation will be presented to the participant at the graduation ceremony in addition to a certificate evidencing successful completion of the Mental Health Docket. The participant may continue on a period of non-supervised community control if court costs, fines or restitution are still owed.

Unsuccessful Terminations

All participants whose inactions are not meeting docket standards will be discussed by the treatment team who may recommend an unsuccessful termination from the docket based upon the following criteria:

- Ongoing noncompliance with treatment
- Resistance to treatment
- New serious criminal conviction
- Failure to attend status review hearings or make treatment team appointments
- A serious Mental Health Docket violation or series of violations
- A serious Community Control and/or Intervention in Lieu violation or a series of Community Control and/or Intervention in Lieu violations.

The consequences of an unsuccessful termination may be as follows:

- Revocation of Intervention In Lieu of Conviction or Revocation of Community Control
- Loss of future eligibility for the Mental Health Docket
- Further legal action including revocation of Intervention In Lieu of Conviction and finding of guilt and sentence, Notice/Motion to Revoke Community Control
- Depending on the circumstances, terminated participants may be subject to prison, jail or other penalties.

The participant will be informed of the possible termination of that person's participation in the Mental Health Docket and will be informed of his or her right to consult with an attorney before any termination. The participant may then waive any pre-termination hearing or may choose instead to proceed with a hearing to be conducted in the same manner as a community-control-violation hearing.

The Mental Health Docket Judge will make the final decision regarding the unsuccessful termination of the participant in accordance with the Mental Health Docket written criteria.

Neutral Terminations

Neutral terminations of a participant will follow the same process as other terminations. The case will be brought before the docket team for discussion and the Mental Health Docket Judge will make the final determination. The information about the participant will be thoroughly reviewed and verified by the probation officer. Some cases in which neutral terminations may apply will be as follows:

- A serious medical condition arises
- Serious mental health condition arises

- Death; or
- Other factors that will impede the participant's requirements for successful completion.

The probation officer must file the appropriate paperwork with the Prosecutor's Office who will file the appropriate documents with the Court pertaining to the neutral termination from the Mental Health Docket. The written legal and clinical eligibility and termination criteria do not create a right to participation in the Mental Health Docket.

Exit Survey

All participants will be asked to complete an Exit Survey upon discharge.

Inactive Cases

Inactive cases will still be considered a part of the docket. The same process of discussing cases with the Mental Health Docket team will occur and the Mental Health Docket Judge will provide the final approval. Some instances in which an Inactive Status will be applied are as follows:

- When a participant is in a Community Based Correctional Facility (CBCF) or residential treatment center and is unable to attend the docket hearings. The Mental Health Docket Coordinator and Probation Officer will continue to monitor the participant's compliance through reports.
- When a participant is unable to pay the Court obligations in full prior to graduation. The participant will attend the graduation ceremony and be placed on non-reporting supervision for continued monitoring until court costs, supervision fees and restitution are paid in full.
- When the participant has a warrant issued for his arrest for absconding supervision. The participant's case will still be monitored by the probation officer. In the event the participant is arrested, the probation officer will discuss the case with the Mental Health Docket team. Depending on the nature of the warrant, the participant may be terminated unsuccessfully from the docket. The Mental Health Docket Judge will provide the final approval on the disposition of the case.

The participant will remain on the probation officer's Caseload when CBCF placement is recommended or when warrants are issued.

Administrative Program Suspension

Administrative suspension is a status reserved for those Mental Health Docket participants who have not responded to other graduated sanctions. They are temporarily suspended from

the program by the Mental Health Docket Judge. These participants may be suspended from participation in status review hearings yet remain engaged in their treatment and court services plans. Participants may be eligible to return once a determination has been reached regarding their continued appropriateness to respond to the Mental Health Docket. The following examples may reflect reasons for an administrative suspension:

- Those participants placed in a residential facility as a result of continued use
- Those participants who are charged with new crimes pending adjudication and/or a final disposition for sentencing
- Those participants who need further assessments or evaluations to determine if the Mental Health Docket is beneficial to the participant and the program
- Those participants who are unable/ unwilling to comply with program requirements in a timely manner as directed; for example, falling behind on scheduled restitution payments or, medical hardship.

Chapter 7 - Substance Use Monitoring

Requires substance-use monitoring based on individual alcohol-and drug-testing plans.

Substance testing may be required at least twice each week. For all participants who have been diagnosed with a substance-use disorder, drug or alcohol testing will occur throughout those persons' time on Mental Health Docket. Participants who do not have a history of substance use must still undergo random and observed drug testing, although a frequency of less than twice weekly will be considered.

All drug and alcohol testing plans are individualized. Tests will be random, frequent, and always observed. Urine samples will be analyzed for temperature, specific gravity, Creatinine, and other chemical markers to ensure a valid urine specimen. Drug screens may be conducted during your court appearance, during your home visits, or at any other time. Failing to submit to testing, refusing to submit to testing, submitting an adulterated sample, submitting the sample of another individual, or diluting a sample will be treated as positive tests that can result in an immediate sanction. A positive test or admission of alcohol or other drug use will not automatically disqualify you from the docket but will result in an immediate sanction or an increase or change in your current level of treatment.

Adult Court Services Substance-Testing Program

Participants being placed on the substance-testing program will be charged 50 cents monthly for the use of the call-in program. The officer must have the participant fill out the Random Substance Test Form in OCSS. The officer must enter into the Substance Testing tab in OCSS in the drug-testing profile the frequency of the test, the default test type (13 panel 80-hour alcohol), and the start date. This will generate a random test. The tests occur Monday through Friday and the dates are computer generated.

The participants are responsible for calling in nightly after 6 p.m. and before 7 a.m. to find out if they are to report for testing. Officers can view if the participant has called in under the communications tab and what phone number they called from. Officers will also be able to know if the participant is required to test from that tab as well as the Substance Test Calendar and can view the whole month of testing under the calendar tab for the participant. If the officer wants to add an additional test, it can be added under the substance-abuse tab.

The participant is required to report between 8 a.m. and 9 a.m. or between 3 p.m. and 4 p.m. on the day of the test. The participant is required to provide a sample in the above time frames. If a participant is unable to report at those times, he or she must make prior arrangements with his or her probation officer.

OBTAINING URINE SPECIMEN:

1. The urine specimen will be obtained from the participant as follows:
 - a. The participant shall be escorted to the restroom;
 - b. The participant shall be monitored to ensure a genuine sample is collected;
 - c. The officer shall verify the validity of the sample by checking the temperature strip on the cup after the collection of the sample;
 - d. The officer shall collect the sample from the offender and must not lose sight until determining the results of the sample.

FAILURE TO SUBMIT SAMPLE

1. If a participant refuses (this includes leaving or failing to appear at a designated time) or fails after a reasonable period of time (two hours) to submit with specimen, he/she shall be informed that this refusal may constitute a violation of the conditions of supervision. The officer has the authority to determine whether a failure to submit constitutes an intentional refusal in the following situations:
 - a. The participant fails to appear for a scheduled drug test;
 - b. The participant is unable to provide a specimen after an allotted amount of time (usually two hours);
 - c. The participant has failed to provide proof of any special circumstances (medical conditions, etc.) to the officer;
 - d. The participant displays a poor attitude or is causing difficulties to the officer in the collection of a urinalysis sample.

2. The probation officer has the authority to decide whether:
 - a. To require the participant to provide a urine sample on that date;
 - b. To reschedule the drug testing to another date, or;
 - c. To require the urine sample to be sent to the lab for confirmation.

The probation officer may confer with the Chief Probation Officer or Deputy Chief Probation Officer for guidance in determining what action should be taken should the necessity exist.

PROCESSING DRUG TESTS:

Drug testing must be sufficient enough to include the participant's primary substance of dependence as well as others.

Vista cups test the following:

Amphetamines (AMP) cutoff 500 ng/ml

Ethyl Glucuronide (EtG) 500ng/ml

Buprenorphine (BUP) cutoff 10 ng/ml
Benzodiazepines (BZO) cutoff 300 ng/ml
Methamphetamine (MET) 500 ng/ml
Methadone (MTD) 300 ng/ml
Marijuana (THC) 50 ng/ml

Norfentanyl (FEN) 50 ng/ml
Ecstasy (MDMA) 500 ng/ml
Morphine (MOR) 300 ng/ml
Oxycodone (OXY) 100ng/ml
Tramadol (TRA) 100ng/ml

NOTIFICATION OF RESULTS:

The results (whether positive, negative or failed to report) of the urinalysis test will be entered into the OCSS in a timely manner in order for the probation officer to aggregate and track the participant's drug-testing history.

An email can be generated to the supervising officer the next business day for those who tested positive, reported for testing, or failed to report.

POSITIVE TESTS:

The participant will be apprised of any positive test results and asked for an explanation or admission of use. If the participant admits to using, the sample will not be sent to the lab and the appropriate steps would be taken.

If the participant denies using and the lab reports a positive result, the participant would pay the costs of the lab test. The participant will sign the admission form and will check the box indicating they deny use and to send it to the lab.

For Specialized Dockets positive drug tests will be addressed through the treatment provider to verify if the use is a continued use, or a relapse. The participant will be reassessed and be placed in the appropriate level of care to address the positive screen and to re-engage or re-stabilize the participant. The treatment provider as well as the Mental Health Docket team will be notified of the positive urine screen. Sanctions for the relapse will be increased status review hearings, homework assignments pertaining to relapse/use, increased office visits and possibly jail.

The Mental Health Docket team participates in determining the incentives and sanctions and the Mental Health Docket Judge will enforce and reinforce them. All sanctions and rewards will be documented in the participant's file and reviewed at the status review hearings.

CONFIRMATION OF DRUG TESTS RESULTS:

1. Confirmation by an outside Laboratory will only be done when probation violations are contested. Per section a sanction will not be issued while waiting for a test result to return from the lab. In the event the result from the test returns positive, the participant will receive a much more severe sanction in addition to paying for the cost

of the positive test. If the test returns negative, the participant will not pay for the cost of the test.

BREATHALYZER:

Recommended Practice

Probation Officers must use Adult Court Services' equipment for breath testing.

Supervisors must ensure that the device is calibrated in accordance with the manufacturer's recommendations. Malfunctions or operational problems should be reported to the Chief Probation Officer immediately.

In the State of Ohio, breath readings over .08 are considered to be illegal intoxication for driving purposes only. A decision to arrest, refer to a detox center, or send home a participant with a reading over .08 must be made in consultation with a supervisor and with reference to the subject's current behavior, whether the subject will operate a motor vehicle, and other normal arrest criteria.

Under normal circumstances, all participants who produce a reading over .08 will be arrested and transported to the Delaware County jail for their safety.

Testing by Outside Treatment Agency

Testing on participants will occur through the treatment agency in which they are being treated. The member from that agency will notify the Mental Health Docket Probation Officer of the outcome of any test results, as they are conducted.

Notification/Documentation

The results of all drug tests are immediately shared with the Mental Health Docket Team and the participant's treatment provider. In addition, to the results being shared, information will be shared if a participant failed to report, failed to provide a sample, adulterated a sample, provided a sample of another individual, and or tampered with a sample.

Sanctions:

If a participant is late for a test or misses a test, it will be considered a presumptive positive test for drugs/alcohol.

If a participant refuses to submit a urine sample, it will be reported as a refusal to test and considered a presumptive positive.

The participant must provide a urine sample which is negative for all drugs/alcohol.

If the participants fail to produce a urine specimen (within 2 hours) or if the sample provided is not of sufficient quantity, it will be considered as a presumptive positive test for drugs/alcohol.

If the participant produces a diluted urine sample, it will be considered as a presumptive positive test for drugs/alcohol.

If the participant substitutes or adulterates their specimen for the purposes of changing the drug testing results it will be considered as a positive test for drugs/alcohol and will result in sanctioning and may be grounds for revocation from the Mental Health Docket Program.

Positive urines at intake will be considered a baseline drug test and will be documented. The treatment provider will be immediately notified as well as the Mental Health Docket team.

Relapses

Relapses will be addressed through the treatment provider to verify if the use is a continued use, or a relapse. The participant will be reassessed and be placed in the appropriate level of care to address the positive screen and to re-engage or re-stabilize the participant. The treatment provider as well as the Mental Health Docket team will be notified of the positive urine screen. Sanctions for the relapse will be increased status review hearings, homework assignments pertaining to relapse/use, increased office visits and possibly jail.

The Mental Health Docket team participates in determining the incentives and sanctions and the Mental Health Docket Judge will enforce and reinforce them. All sanctions and rewards will be documented in the participant's file and reviewed at the status review hearings.

Medication Usage

It will be the participant's responsibility to inform all treating physicians of their recovery from drugs/alcohol before they are given an addictive medication. If a doctor believes that it is necessary to prescribe the medication such as narcotic pain medication or any other medication that will yield a positive urine screen, the physician must submit a letter to the Mental Health Docket Probation Officer stating that he/she is aware of the participant's status as a person in recovery and the need for this medication outweighs the risks. The participant **MUST** have a letter **PRIOR** to taking any medication that will cause a positive screen. If the participant tests positive and does not have a letter from that person's doctor, that participant faces immediate sanctions.

In cases of emergency-room care, the participant will provide verification of all emergency-room orders and discharge information to the Mental Health Docket Probation Officer no more than 7 days after release from the hospital. All prescriptions will have to be cleared by a primary care physician to continue taking the medications without sanctions. A pattern of visits to the emergency room for ailments that require opiate treatment may be brought back before the Court at the discretion of the Mental Health Docket team.

Chapter 8 - Professional Education

The interdisciplinary education of the Mental Docket team promotes effective docket planning, implementation, and operations. All new members and current members will be educated to the Mental Health Docket "*process.*"

Meetings

Meetings will be scheduled at least quarterly with the Advisory Board to assess the functionality of the Mental Health Docket. The team will be looking at what's working, what's not working and the achievement toward meeting program goals and objectives. Furthermore, policies and procedures will be updated based on these meetings. At these meetings the members will share new and upcoming information about the Mental Health Dockets, discuss any area trainings and evaluate the best practices that are being used by the area agencies. Information that is obtained by attending the sub-network meeting at the Supreme Court will be shared as well. All treatment team members will be encouraged to attend the Ohio Specialized Dockets Practitioner Network Meetings.

New Team Members

All new members to the Mental Health Docket treatment team will be advised of the policies, procedures and best practices utilized by the docket team members. They will be encouraged to read the policy and procedure manual for the Mental Health Docket.

The Mental Health Docket team will identify similar area Mental Health courts and build a relationship with those courts as well as attend any sessions and/or meetings to increase collaboration and leverage resources and information. The Mental Health Docket Coordinator and Probation Officer will foster and regularly review those relationships.

Prosecutors/Defense Attorneys

Prosecutors and defense attorneys are encouraged, if possible, to attend the docket team meetings so that they will understand the importance of their roles within the Mental Health Docket process. In addition, if possible, they will be encouraged to attend Supreme Court

trainings and Advisory Committee Meetings and to access information about Mental Health Dockets online.

Supreme Court Meetings

All Mental Health Docket members will be encouraged to attend and participate in Supreme Court meetings, trainings, and the annual conference to increase their understanding of Mental Health Docket courts and develop beneficial relationships with other state courts.

Chapter 9 - Effectiveness Evaluation

The Mental Health Docket has a plan for evaluating its effectiveness. It includes a statement of goals and objectives set forth in chapter one of the policy and procedure manual. The Mental Health Docket has a system for collecting data and a process for analyzing that data in order to determine whether goals and objectives have been met.

The Mental Health Docket Coordinator and Probation Officer will use databases and other tools to collect statistical data and compile reports. The information will be compiled and presented to the Advisory Committee on a quarterly basis. Information obtained will be used provided to the Mental Health Docket Judge to evaluate the effectiveness and functionality of the Mental Health Docket, treatment team, Court Services Plan and policies and procedures.

Supreme Court Reporting Data

The Mental Health Docket team will comply with reporting data as required by the Supreme Court. The data collected corresponds to the goals and objectives established during the planning process and contained in the policies and procedures chapter. The Docket Team will engage in ongoing data collection in order to evaluate whether or not the Docket is meeting its goals and objectives. Data collected will be utilized by the Advisory Committee as part of the functionality review of the treatment team.

All Mental Health Docket participants will be encouraged to complete an anonymous Exit Survey upon successful completion or termination from the program. The information collected will be used to provide perspective on a participant's experience, effectiveness of programs and services, and suggestions to improve outcomes.

October 2024 Edition

Chapter 1 - Policies and Procedures

Mission Statement

To provide a therapeutically-oriented, court supervised program for participants with a substance use diagnosis that assists in improving the safety of the community and the quality of life for the participant through the utilization of intensive supervision, evidence-based intervention, and linkage to appropriate substance use/mental health treatment and other community resources.

Advisory Committee

The General Division of the Delaware County Court of Common Pleas has joined with the court's other divisions and with the Delaware Municipal Court to create a forum that serves as the policymaking authority for all specialized dockets in Delaware County. That group is the Specialized Docket Advisory Committee.

Role of the Specialized Docket Advisory Committee

The committee is made up of key community stakeholders who provide input into the policies, procedures, and overall operation of specialized dockets in Delaware County. The committee meets quarterly and its members serve a minimum of one year. The Specialized Docket Judges attend and rotate chairing the meetings. Each judge who oversees a specialized docket chairs the portion of the advisory-committee meeting that pertains to that judge's docket.

Responsibilities of Committee Members

Advisory Committee members meet to discuss ongoing issues relating to the specialized dockets such as goals, objectives, target audience, policies, procedures, eligibility criteria, incentives, case flow, and each agency's role and responsibility in the process. Each program coordinator presents program data and statistical information to the Specialized Docket Advisory Committee members for review on a quarterly basis. Program effectiveness, sustainability, community outreach, and education efforts are also addressed.

A Memorandum of Understanding detailing the responsibilities of each party participating has been signed by agency heads of all providers.

Membership

Specialized Docket Advisory Committee membership may include but is not limited to the following: Regional Director and Clinical Supervisor at Maryhaven, Site Manager/Program Director and Clinical Supervisor at Access Ohio, LLC, Regional Clinical Director Southeast Healthcare, Chief Clinical Officer and Clinical Site Manager at Syntero, prosecutors, defense counsel, representatives from the county Sheriff's office and Delaware Police Department, jail personnel, Executive Director and Associate Director of Delaware-Morrow County Mental Health and Recovery Services Board, representatives from the Delaware County Department of Job and Family Services, Program Director of NAMI Mid-Ohio, Director of Safe Harbor Peer Support Services, the specialized docket judges, the specialized docket coordinators, and probation officers from Delaware County Adult Court Services. Advisory Committee members indicate their interest and ongoing participation by signing a roster at the beginning of each meeting.

Memoranda of Understanding

Memoranda of Understanding have been developed to enhance collaboration, create a mutual understanding of the procedures of the Recovery Docket and the responsibilities of each party, and establish a process for problem solving both clinically and administratively regarding clients participating in the Recovery Docket. Agreements are in place with both the Delaware-Morrow Mental Health & Recovery Services Board and local treatment providers.

Goals of the Recovery Docket

Goal 1: Obtain a 50% graduation rate of Recovery Docket participants each year.

Measure: The Recovery Docket coordinator will document the number of participants in a database and determine the percentage of participants who have graduated from the Recovery Docket.

Goal 2: Reduce the number of positive urine screens of each Recovery Docket participant by 50% each quarter.

Measure: The Recovery Docket coordinator will document the number of participants in a database and recidivism rates will be reviewed on a quarterly basis.

Goal 3: Decrease the rate of recidivism of Recovery Docket graduates to 25%.

Measure: The Recovery Docket coordinator will survey the list of Recovery Docket graduates within the last 24 months and determine whether those graduates have been charged with any new drug-related offenses since graduation.

Goal 4: Assist participants in learning how to obtain a substance-free lifestyle and develop a support system.

Measure: Participants will be required to demonstrate their knowledge of coping skills and resource options through assignments that they must complete during each docket phase.

Chapter 2 - Target Population

The Recovery Docket is targeted toward those who are convicted of or charged with a felony in the Delaware County Court of Common Pleas and who might benefit from court-monitored treatment and other services to enhance their ability to become productive and law-abiding citizens. All participants must meet the legal and clinical criteria for admission into the docket. The Recovery Docket Judge has the discretion to decide who participates in the Recovery Docket. The written and legal and clinical eligibility and termination criteria do not create the right to participation in the program.

Target Population

- Offenders with a score of 15 or higher on the Ohio Risk Assessment System (ORAS)
- Offenders who are receptive to receiving treatment and demonstrate a willingness to participate in an intensive treatment program that will last 12-24 months and may require residential placement for treatment

Capacity

Program capacity is limited to 25 at any one time.

Chapter 3 - Program Structure, Entry, and Case Flow

Referral Process

Identification of potential participants begins after a defendant has been charged with a qualifying offense, has a pending bond revocation, has entered a plea of guilty, has a pending motion to terminate intervention in lieu of conviction, has a pending motion to suspend community control, or is referred by the court or probation officer. Referrals to the Recovery Docket are made by law enforcement, jail personnel, defense counsel, the prosecutor, a community mental **health treatment provider**, a substance use treatment provider, a judge, a presentence investigator, or a probation officer. Referrals may be made at any time during the legal process. Referral forms are posted online.

Screening and Assessment

Within three days of receiving a referral (Appendix A), the Recovery Docket coordinator will schedule an appointment with the candidate to provide information about the docket program and requirements for participation. If the candidate is interested in participation, the candidate will be scheduled for screening. In the event the candidate is incarcerated, the Recovery Docket coordinator will meet with the candidate at the jail. During the screening, the Recovery Docket coordinator will evaluate the candidate's legal and clinical criteria for placement and collect information such as criminal history, residency, education, employment, family history, medical history, and mental health and substance abuse history. Potential candidates are promptly referred to appropriate services within the community. The specialized docket provides prompt access to a continuum of approved treatment and rehabilitation services.

A referral for a diagnostic assessment with a licensed clinical counselor or licensed independent social worker may be made when appropriate releases are voluntarily signed by the candidate in addition to a consent waiver to share information with the treatment team. All candidates will be required to sign a Disclosure of Confidential Information form (Appendix B) to allow the Recovery Docket coordinator to obtain a copy of the diagnostic assessment (or summary) to establish clinical eligibility.

All screenings and assessments for treatment determinations shall be provided by programs or persons who are appropriately licensed and trained to deliver such services according to the standards of the profession. All mental health, chemical dependency, and other assessments will include available collateral information to ensure the accuracy of the assessment.

The candidate or the candidate's guardian must complete a release-of-information form to allow for communication about confidential information, participation/progress in

treatment, and compliance with the provisions of relevant law, including the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 300gg-42, as amended.

The Recovery Docket Judge has the discretion to determine who participates in the Recovery Docket. The legal and clinical eligibility criteria do not create a right to enter into the Recovery Docket. All candidates will be educated on program requirements, rewards, sanctions, and bases for termination through the use of the Participant Handbook and one-on-one consultation with the Recovery Docket coordinator.

Legal Eligibility Screening

The Recovery Docket probation officer will obtain background information about the candidate through the use of OHLEG and other available databases and sources. A candidate's criminal record for the preceding five years may be considered for eligibility purposes. In the event that the candidate's legal competency is at issue, the participant must be referred for a forensic assessment to determine if he or she is competent to participate.

Clinical Assessment

In the event that the candidate meets the eligibility requirements, he or she will be referred for a diagnostic assessment if one has not already been completed. The candidate must voluntarily sign the necessary releases of information to obtain collateral information as well as sign releases for appropriate treatment agencies. All screenings and assessments for treatment determinations are to be provided by programs or persons who are appropriately licensed and trained to deliver those services according to the standards of the profession.

The Recovery Docket coordinator will share collateral information with the agency completing the diagnostic assessment. The participant must contact the treatment provider within three days to schedule an appointment. Recognizing that time is of the essence, the provider will provide assessments and treatment plans to the docket coordinator as soon as reasonably possible. The participant must immediately contact the Recovery Docket coordinator if there are problems obtaining a diagnostic assessment. The assessment and treatment plan will be provided to the Recovery Docket coordinator and the Recovery Docket Judge. The assessment is not for public dissemination.

The treatment team should consider, but is not obligated to follow, clinical assessments or treatment recommendations. If the clinical assessment indicates the potential participant does not meet clinical eligibility criteria than the case will proceed through the regular docket.

Qualification

In the event that the candidate does not meet legal, clinical or other criteria, the Recovery Docket coordinator will notify the Recovery Docket Judge through written

communication using the Screening Recommendation Form (Appendix C). The referral source will also be notified. The candidate's case will then proceed through the regular docket.

In the event the candidate meets all the legal, clinical, and other criteria, the Recovery Docket coordinator will notify the Recovery Docket Judge and referral source through written communication. If the Recovery Docket Judge agrees to grant the candidate admission into the Recovery Docket, the participant will schedule and attend an orientation session with the Docket Coordinator.

9. Probation Case Plan

Non-Discriminatory Practices

A participant must not be discriminated against if he or she meets the legal, clinical, and other criteria. A participant will not be denied admission for the following: race, color, religion, gender, sexual orientation, nation of origin, ancestry, age, citizenship, marital status, veteran status, or disability. All treatment-team members should be trained in cultural-competency issues.

Participant Indigency

No prospective participant will be denied admission to the Recovery Docket based on an inability to meet any financial obligations to the Court. The Recovery Docket will consider a participant's ability to pay any fees or other financial obligations and will make reasonable payment accommodations based on the participant's individual financial circumstances.

Case Flow

After a plea or finding of guilt is made, the Court will refer the case to the docket coordinator who will screen a candidate for eligibility. All referrals from a prosecutor or defense counsel should come in the form of a motion for admission or submit a referral form to the Recovery Docket Coordinator.

Candidates will also be required to complete a diagnostic assessment and pre-sentence investigation as part of this process. Candidates must voluntarily complete and sign releases of information to facilitate inter-agency communication on behalf of the candidate and treatment team.

Upon completion of the screening and consideration of all applicable criteria and circumstances, the Recovery Docket coordinator will provide a written recommendation to the Recovery Docket Judge. Based upon the recommendation of the Recovery Docket coordinator and review of the diagnostic assessment and pre-sentence investigation report and all applicable criteria and circumstances, the Docket Judge will determine whether the candidate will be admitted to the Recovery Docket.

In the event the candidate does not meet the criteria for admission to the Recovery Docket, his or her case will be returned to the Court's regular docket.

The Recovery Docket coordinator will schedule the program admission orientation session and the Recovery Docket probation officer will schedule the candidate's intake appointment.

The Recovery Docket coordinator will provide the participant with the Recovery Docket calendar and the Participant Handbook and ensure execution of the Disclosure of Confidential Information and all other necessary forms during the program admission orientation session. The participant will then be scheduled to observe the next Recovery Docket status review hearing at which time they with counsel, will execute an Acknowledgement of Requirements of the Recovery Docket. After the observation of a Recovery Docket status review hearing is attended and the Acknowledgement of Requirements of the Recovery Docket is signed by the participant, the participant will then be scheduled into the next Recovery Docket status review hearing for participation in the program.

Revocation/Violation Referrals

A defendant who is currently on intervention in lieu of conviction or community control and is charged with a new violation or new offense may be referred to the Recovery Docket for screening. The referral may come from the judge, probation officer, defense counsel, prosecutor, or jail staff.

The Recovery Docket coordinator will screen the candidate. Candidates meeting the criteria for acceptance may be ordered to complete the Recovery Docket as a term of his or her intervention in lieu of conviction or community control.

Case File Maintenance

Maintenance of the Recovery Docket's case files must comply with Title 42 of the Code of Federal Regulations and HIPAA.

The Recovery Docket coordinator and probation officer will maintain all files relating to participants and access to those files will be limited to the Court and probation staff.

The files will be maintained in locked file cabinets in the Probation Officer's office or by secure password protected electronic file.

The attorney will assist with the decision making regarding the participants entry into the Recovery Docket. The attorney will also be a referral source for the program. The participant has the right to request attendance of counsel during the portion of the treatment team meeting that applies to them. The Recovery Docket Coordinator will provide an orientation to the defense counsel on the Recovery Docket process.

The treatment team shall engage in on-going communication, including frequent exchanges of timely and accurate information about participants' overall performance. The communication shall take place over the phone, through biweekly treatment team meetings, or via emails or meetings with counselors.

In the event there is a conflict or disagreement regarding the obligations of the participant in the Recovery Docket, the parties hereby commit to attempting resolution at the lowest administrative level appropriate to the issue. In the event that dialogue does not resolve the conflict, then the parties will put problems and/or concerns in writing to the signatories of the Memorandum. Within two weeks following receipt of the notice, the involved parties will meet in an attempt to satisfactorily resolve the issues. understanding their different roles while at the same time holding each other responsible for their participation and basis for recommendations.

The treatment team members shall make reasonable efforts to observe required Specialized Docket service provider programs in order have confidence in the services provided and to better understand the treatment and programming process.

The treatment team will work with the Advisory Committee to assess the overall operation of the Recovery Docket.

The Recovery Docket treatment team meetings occur biweekly on the first and third Wednesdays of each month 60 minutes prior to the status review hearings.

Chapter 5 - Participant Monitoring

Treatment Team Meetings

The Recovery Docket Treatment Team is responsible to monitor each participant's performance and completion of their Court Services Plan (Appendix D). The Treatment team will meet at 11:00am on the first and the third Wednesdays of each month to discuss each participant's performance and progress.

The team will provide the Recovery Docket Judge collaborative recommendations for the appropriate use of sanctions and rewards.

It is the Recovery Docket coordinator's responsibility to collect reports from each participant's treatment provider and monitor the participant's compliance with their Court Services Plan, then provide that information to the Recovery Docket Judge and treatment team. In addition, the Recovery Docket probation officer must inform the Recovery Docket Judge and treatment team of the participant's compliance with the conditions of community control or intervention in lieu of conviction and Case Plan.

Status Review Hearings

The status review hearings will be held twice a month on the first and third Wednesdays of the month beginning at 12:00 noon.

The hearings will take place in a group setting before the Recovery Docket Judge to encourage ongoing judicial interaction. All participants are expected to appear for each hearing to which he or she is assigned. The benefit of meeting in a group setting is that it gives the participants the opportunity to educate each other on the benefits of compliance with the docket and the consequences of non-compliance.

The participants' attendance at the status review hearing will diminish over time as they progress through the phases. During the Orientation Phase and Phase I, participants will appear twice a month. During Phase II, participants will appear once per month. During Phase III, participants will appear once every six weeks.

All participants will be required to sign a Disclosure of Confidential Information. This document explains that the participant's performance and progress will be discussed in open court during status review hearings.

Treatment and Services

The participants will be provided resources and recommendations for local agencies that are available to assist with their needs. Referral and intake are the first step. Once the intake is complete, the candidate will be scheduled for a comprehensive assessment to determine diagnosis. Some candidates may need additional time to complete the assessment process.

All screenings and assessments for treatment determinations should be provided by programs or persons who are appropriately licensed and trained to deliver such services according to the standards of the profession. This means that all treatment providers must be licensed by the Counselor, Social Worker and Marriage, and Family Therapist Board and/or Ohio Chemical Dependency Professionals Board.

Based on the assessment, the candidate's treatment plan will be created with input from the candidate. The candidate will be placed into appropriate treatment services and programs as soon as possible. All treatment plans must be appropriate and clinically necessary to the degree that the available resources allow.

The participant will be provided a treatment plan based on their individual needs, and the services provided will incorporate evidence-based strategies. The evidence-based strategies will incorporate the Ohio Risk Assessment Tool utilized by the Adult Court Services Department. Information will be provided to the counselor to assist with treatment planning. The treatment agencies will utilize evidence-based practices, such as Motivational Interviewing, Cognitive Behavioral Therapies, Stages of Change, and EPICS II. The participant will have access to a continuum of approved treatment and rehabilitation services. All specialized-docket treatment plans take into consideration services that are gender responsive and culturally appropriate and that effectively address co-occurring disorders.

All treatment service providers must be certified through the Counselor, Social Worker and Marriage and Family Therapist Board, and/or Ohio Chemical Dependency Professionals Board and be able to deliver treatment according to their profession. They must meet the standards for provision for all intensive outpatient services including assessments, group and individual counseling as well as crisis intervention services.

The services provided by treatment agencies included registration/intake, alcohol and drug testing, assessment, developing of a treatment plan, group therapies, individual sessions, relapse prevention plans, aftercare plans, gender specific programming, family therapies, programming to address those individuals diagnosed with co-occurring disorders, medication and medication monitoring. Furthermore, case management services are available to assist the participant with engaging with other ancillary services to meet their basic needs or support their recovery process. Examples of such ancillary services include housing, transportation, medical, vocational/employment, and mental health needs. Finally, treatment agencies do drug screening analysis as part of their programming. This service observes chain of custody and follows policies and procedures for the delivery of these services.

The Recovery Docket coordinator will maintain a current treatment plan designed for each docket participant which will change as the treatment provider deems appropriate. The coordinator also maintains a record of activities (i.e., status sheet).

The treatment providers are strongly encouraged to provide a report to the Recovery Docket coordinator prior to treatment team meetings on the progress and participation of the participant in their recovery. The Court would prefer to receive all updates from treatment providers 48 hours prior to treatment team meetings. Treatment providers are provided an annual calendar of docket hearings to assist in managing this task. In the event a provider is unable to attend a treatment team meeting the Recovery Docket coordinator will follow up with a phone call and/or e-mail.

The Recovery Docket has a partnership through Memoranda of Understanding with Maryhaven, Southeast Healthcare, and Access Ohio, LLC, and Safe Harbor Peer Support.

Phases of Recovery Docket

The length of the program is a minimum of 12 months. The program is divided into an orientation phase and three treatment phases. The phases are a way to monitor the participant's progress, motivation, and performance. The participant's progress through the phases is based on his or her compliance with the terms of supervision and the treatment plan. Each participant will progress differently. Phases are not based solely on preset timelines. They are designed to build upon the skills acquired in the previous stage, allowing participants to effectively manage their substance addiction and fostering stable, independent living. Each participant will have a Court Services Plan that the probation officer, docket coordinator, and the participant will sign after they have completed specific requirements for each phase.

Orientation Phase (minimum four weeks)

During this phase, a participant will meet with the Recovery Docket probation officer and docket coordinator, discuss the program and its requirements, review his or her Court Services Plan, and sign all necessary releases. The participant will be given the dates for the status review hearings. During the first status-review hearing, the participant will be introduced to the members of the treatment team. This phase will last a minimum of four weeks.

This is the last phase of the program. At this point, a participant may be finishing treatment, have maintained sobriety for a significant period of time, completed community service, and active with sober-support activities. A participant should have also satisfied all or most of his or her fines, costs, and fees to the best of their ability to pay or fulfill reasonable payment accommodations based on their individual financial circumstances. The participant will be required to submit a graduation application and relapse prevention plan in order to graduate.

Tasks to be completed during Phase III include the following:

Incentives

From time to time, participants of the Recovery Docket may receive a reward or incentive provided by the Court as a way for the Court to support the participant and acknowledge that his or her hard work and determination is recognized. The incentives are graduated, individualized, and directly related to the achievements as certain milestones are met.

Examples of the times when the participant may be eligible to receive one of these rewards are as follows:

- Court ordered tasks, including mental health treatment and/or drug/alcohol treatment are completed
- Participant remains compliant with court orders for a significant period of time and demonstrates his/her commitment to treatment
- Participant moves to the next phase in the Recovery Docket
- Participant keeps all scheduled appointments for a period of time
- Sobriety maintained
- Improved behavior
- Regular attendance at status review hearings.

There are many different rewards/incentives that the court may have available for the participants. Some of these include but are not limited to:

- Judicial praise and encouragement at status-review hearings
- Credit toward court costs and supervision fees
- Gift cards and/or gift certificates
- A decrease in attendance at status-review hearings
- Increased or expanded privileges
- Certificates of completion of phases and graduation
- Graduation

Sanctions, Service Responses, and Therapeutic Responses

Sanctions, service responses, and therapeutic responses will be graduated and individualized. They will be used at times when a participant is not complying with court orders,

treatment, docket requirements, and probation requirements. Sanctions, service responses, and therapeutic responses are used to help the participant's behavior conform to program requirements. It should be noted that treatment will not be used as a sanction. Inappropriate behavior that may result in a sanction, services response, or therapeutic response may include but are not limited to:

- Failure to appear for a Recovery Docket status-review hearing without being excused
- Not following court orders
- Not following treatment recommendations
- Missing or being late for scheduled treatment or docket/probation appointments
- Missed payments
- Dishonesty
- Failure to complete docket assignments
- Failure to provide a drug test or providing dilute urine screens
- Testing positive for illicit drugs or alcohol
- New charges or convictions

Sanctions for noncompliance are graduated and may include the following:

- Additional community service
- House arrest
- Curfew imposition or modification
- Incarceration
- Dismissal from the Recovery Docket.

Service responses for noncompliance are graduated and may include the following:

- Verbal warning
- Assignments
- Increased alcohol and drug testing
- Increased attendance at status review hearings
- Increased probation appointments
- Courtroom observation sessions
- Daily reporting/"day jail" sessions

Therapeutic responses for noncompliance are graduated and may include the following:

- Skill development
- Homework/practice
- Referral for medication evaluation

- Increased level of treatment

Positive urine screens at intake will be considered a baseline drug test and will be documented. The treatment team will be immediately notified of positive tests.

It should be noted that for some participants, incarceration will result in a deteriorated mental state. While jail is an option, it should be used as a graduated sanction. Because stabilization of the individual is the key to success, incarceration for long periods of time or too frequently may disrupt medication regimens, treatment, housing and the ability to parent children.

A participant will not be subjected to a jail, CBCF, or prison sanction for non-compliance without providing that participant with notice, a hearing, and the opportunity for legal representation. A participant may waive the right to a hearing (Appendix E) as long as that person has been given an opportunity to consult with an attorney and as long as any waiver is made knowingly, intelligently, and voluntary. A participant does not have the right to contest sanctions that do not impact liberty

The Recovery Docket treatment team participates in determining the incentives and sanctions and the Recovery Docket Judge will enforce and reinforce them. All sanctions and rewards will be documented in the participant's file and reviewed at status review hearings. An adjustment in treatment services, as well as participating in community based mutual support meetings, are based upon only the clinically informed interests of the participant. All incentives and sanctions are to be individualized.

Chapter 6 - Program Completion

Successful Completion

In order for a participant to graduate from the Recovery Docket program, the participant must have completed all phases of the Recovery Docket. The criteria for completion are listed on the Court Services Plan. The process for a participant to graduate is as follows:

- The Recovery Docket Coordinator will review the completion of all phases utilizing the Court Services Plan and bring the potential graduate's name up at the treatment team meetings.
- Each potential graduate will prepare an application and relapse prevention plan for review by the treatment team.
- The Treatment team will review the participant's docket record, behavior, and accomplishments throughout the program and whether the goals of the court service plan and treatment plan have been met. The treatment team will make a recommendation to the Docket Judge, who will make the final decision.
- The Recovery Docket coordinator will announce a graduation date and inform local agencies of the time and location of the graduation ceremony. All active participants on the docket may attend the graduation. The graduation of each participant will be journalized by the Court.

Intervention in Lieu of Conviction

The case will be disposed of through a judgment entry successfully terminating the participant from the Recovery Docket and dismissing his or her case(s). A copy of the judgment entry will be presented to the participant at the graduation ceremony, along with a certificate evidencing successful completion of the Recovery Docket. At the judge's discretion, the participant may continue on a period of community control if court costs, fines, or restitution are still owed.

Post-Conviction

A judgment entry successfully terminating the participant from community control will be presented to the participant at the graduation ceremony, along with a certificate evidencing successful completion of the Recovery Docket. The participant may continue on a period of community control if court costs, fines, or restitution are still owed.

Unsuccessful Terminations

All conduct by participants that falls short of meeting docket standards will be discussed by the treatment team, who may recommend an unsuccessful termination from the docket based upon the following criteria:

- Ongoing noncompliance with treatment
- Resistance to treatment
- New criminal convictions
- Failure to attend status review hearings
- Failure to attend appointments with members of the treatment team
- A serious violation or series of violations of Recovery Docket requirements
- A serious violation or series of violations of community control or intervention in lieu conviction

The consequences of an unsuccessful termination may be as follows:

- Revocation of community control or intervention in lieu of conviction
- Loss of future eligibility to participate in the Recovery Docket
- Further legal action
- Lengthening of the period of supervision
- Depending on the circumstances, imposition of a prison sentence, jail sentence, or CBCF sentence

The participant will be informed of possible termination of his or her participation in the Recovery Docket and will be informed of his or her right to consult with an attorney before any termination. The participant may then waive any pre-termination hearing or may choose instead to proceed with a hearing to be conducted in the same manner as a community-control-violation hearing.

The Recovery Docket Judge will make the final decision regarding the unsuccessful termination of the participant in accordance with the Recovery Docket written criteria.

Neutral Terminations

Neutral terminations of a participant will follow the same process as other terminations. The case will be brought before the treatment team for discussion and the Recovery Docket Judge will make the final determination. The information about the participant will be thoroughly reviewed and verified by the probation officer. Some cases in which neutral terminations may apply will be as follows:

- A serious medical condition arises

- A serious mental health condition arises
- Death of the participant; or
- Other external factors that will impede the participant's ability to meet the requirements for successful completion

The probation officer must file the appropriate paperwork with the Prosecutor's Office, which will file the appropriate documents with the Court pertaining to the neutral termination from the Recovery Docket. The written legal and clinical eligibility and termination criteria do not create a right to participation in the Recovery Docket.

Exit Survey

All participants will be asked to complete an Exit Survey upon discharge.

Inactive Cases

Inactive cases will still be considered a part of the docket. The same process of discussing cases with the Treatment team will occur and the Recovery Docket Judge will provide the final approval. Some instances in which an Inactive Status will be applied are as follows:

- When a participant is in a CBCF or residential treatment center and is unable to attend the docket hearings. In this instance, the Recovery Docket coordinator and probation officer will continue to monitor the participant's compliance through reports.
- When the participant has a warrant issued for his or her arrest for absconding supervision. The participant's case will still be monitored by the probation officer. In the event the participant is arrested, the probation officer will discuss the case with the treatment team. Depending on the nature of the warrant and length of time the warrant is outstanding, the Court may unsuccessfully terminate the participant from the Recovery Docket prior to the participant appearing again before the Court.

Administrative Program Suspension

Administrative suspension is a status reserved for those Recovery Docket participants who have not responded to other graduated sanctions. The participant will be temporarily suspended from the program by the Recovery Docket Judge. These participants may be suspended from participation in status review hearings, yet remain engaged in their treatment and court services plans. Participants may be eligible to return to status review hearings once a determination has been reached regarding the participant's ability to participate in and successfully meet the requirements of the Recovery Docket. The following examples may reflect reasons for an administrative suspension:

- Placement in a residential facility as a result of continued use
- Being charged with new crimes pending adjudication and/or a final disposition for sentencing
- The need for further assessments or evaluations to determine if the Recovery Docket is beneficial to the participant and the program
- Inability or unwillingness to comply with program requirements in a timely manner as directed; i.e., falling behind on scheduled restitution payments or, medical hardship

Chapter 7 - Substance Use Monitoring

During their time on the Recovery Docket, each participant is prohibited from the use or possession of alcohol and non-prescribed substances, inclusive of recreational or “medical” marijuana. Each participant must be required to submit to substance-use monitoring as a component of his or her court services plan.

Substance testing is required at least twice each week. Drug and alcohol testing will occur throughout those participants’ time on the Recovery Docket.

All drug and alcohol testing plans are individualized. Tests will be random, frequent, and always observed. Urine samples will be analyzed for temperature, specific gravity, creatinine and other chemical markers to ensure a valid urine specimen. Drug screens may be conducted during your court appearance, during your home visits, or at any other time. Failing to submit to testing, refusing to submit to testing, submitting an adulterated sample, submitting the sample of another individual, or diluting a sample will be treated as positive tests that can result in an immediate sanction. A positive test or admission of alcohol or other drug use will not automatically disqualify you from the docket but will result in an immediate sanction or an increase or change in your current level of treatment.

Adult Court Services Substance-Testing Program

The Recovery Docket probation officer must have the participant complete the Random Substance Test Form.

The officer must enter into the Substance Testing tab in OCSS in the drug-testing profile the frequency of the test, the default test type (13 panel 80-hour alcohol), and the start date. This will generate a random test. The tests occur Monday through Friday and the dates are computer generated.

The participants are responsible for calling in nightly after 6 p.m. and before 7 a.m. to find out if they are to report for testing.

The participant is required to report between 8 a.m. and 9 a.m. or between 3 p.m. and 4 p.m. on the day of the test. The participant is required to provide a sample in the above time frames. If a participant is unable to report at those times, he or she must make prior arrangements with his or her probation officer.

OBTAINING URINE SPECIMEN:

2. The urine specimen will be obtained from the participant as follows:

- a. The participant shall be escorted to the restroom;
- b. The participant shall be monitored to ensure a genuine sample is collected;
- c. The officer shall verify the validity of the sample by checking the temperature strip on the cup after the collection of the sample;
- d. The officer shall collect the sample from the offender and must not lose sight until determining the results of the sample.

FAILURE TO SUBMIT SAMPLE

- 2. If a participant refuses (this includes leaving or failing to appear at a designated time) or fails after a reasonable period of time (two hours) to submit with specimen, he/she shall be informed that this refusal may constitute a violation of the conditions of supervision. The officer has the authority to determine whether a failure to submit constitutes an intentional refusal in the following situations:
 - d. The participant fails to appear for a scheduled drug test;
 - e. The participant is unable to provide a specimen after an allotted amount of time (usually two hours);
 - f. The participant has failed to provide proof of any special circumstances (medical conditions, etc.) to the officer;
 - g. The participant displays a poor attitude or is causing difficulties to the officer in the collection of a urinalysis sample.

- 3. The probation officer has the authority to decide whether:
 - a. To require the participant to provide a urine sample on that date;
 - b. To reschedule the drug testing to another date, or;
 - c. To require the urine sample to be sent to the lab for confirmation.

The probation officer may confer with the Chief Probation Officer or Deputy Chief Probation Officer for guidance in determining what action should be taken should the necessity exist.

PROCESSING DRUG TESTS

Drug testing must be sufficient enough to include the participant's primary substance of dependence as well as others.

1. CONFIRMATION

- a. When a participant adamantly denies the results of a drug screen, the officer may send the drug screen to a laboratory for confirmation. The participant shall be notified that the cost of the laboratory test will be at the participant's expense if it is determined that the drug screen is positive for drugs. No charge will be applied when the lab results are returned and the test is negative.
- b. Samples may be sent to a laboratory to confirm levels of a substance at the participant's expense

2. REPORTING RESULTS OF DRUG SCREEN

- a. The results (whether positive or negative) of the urinalysis test shall be noted in the appropriate screen in the Ohio Community Supervision System under "Scheduled Drug Test." Prior substance test results are listed in chronological order.
- b. The participant shall be informed with the results of the drug screen. The officer may ask for an explanation or admission of use for any positive drug screen. If the participant admits to using, the officer will have the offender sign an "Admission of Positive Test" and place this form in OCSS and in the participant's

BREATHALYZER

Probation Officers must use the equipment of Adult Court Services for breath testing.

Supervisors must ensure that the device is calibrated in accordance with the manufacturer's recommendations. Malfunctions or operational problems should be reported to the Chief Probation Officer immediately.

In the State of Ohio, breath readings over .08 are considered to be illegal intoxication for driving purposes only. A decision to arrest, refer to a detox center, or send home a participant with a reading over .08 must be made in consultation with a supervisor and with reference to the subject's current behavior, whether the subject will operate motor vehicle, and other normal arrest criteria.

Under normal circumstances, all participants who produce a reading over .08 will be arrested and transported to the Delaware County jail for their safety.

Testing by Outside Treatment Agency

Testing on participants will occur through the treatment agency in which they are being treated. The member from that agency will notify the Recovery Docket Probation Officer of the

outcome of any test results, as they are conducted.

Notification/Documentation

The results of all drug tests are shared with the treatment team. In addition, the treatment team will be notified if a participant fails to report, fails to provide a sample, adulterates a sample, provides a sample of another individual, and/or tampers with a sample.

Sanctions

If a participant is late for a test or misses a test, it will be considered a presumptive positive test for drugs/alcohol. If a participant refuses to submit a urine sample, it will be reported as a refusal to test and considered a presumptive positive for drugs/alcohol. The participant must provide a urine sample that is negative for all drugs/alcohol. If the participant fails to produce a urine specimen within two hours of arriving or if the sample provided is not of sufficient quantity, it will be considered as a presumptive positive test for drugs/alcohol. If the participant produces a diluted urine sample, it will be considered as a presumptive positive test for drugs/alcohol. If the participant substitutes or adulterates his or her specimen for the purposes of changing the drug testing results, it will be considered as a presumptive positive test for drugs/alcohol and may result in sanctions, including removal from the Recovery Docket.

Relapses

Relapses will be addressed through the treatment team to determine if the use is a continued use or a relapse. The participant will be reassessed and be placed in the appropriate level of care to address the positive screen and to reengage or re-stabilize. The treatment team will be notified of the positive urine screen. Sanctions for the relapse may as set forth herein.

Medication Usage

It will be the participant's responsibility to inform all treating physicians of his or her recovery from drugs/alcohol before he or she is given an addictive medication. If a doctor believes that it is necessary to prescribe the medication that will yield a positive urine screen, the physician must submit a letter to the Recovery Docket probation officer stating that the physician is aware of the participant's status as a recovering addict/alcoholic and the need for the medication outweighs the risks. The participant must have a letter prior to taking any medication that will cause a positive screen. If the participant tests positive and he or she does not have a letter from his or her physician, sanctions may be imposed.

In cases of emergency room care, the participant will provide verification of all emergency room orders and discharge information to the Recovery Docket probation officer no more than seven days after release from the hospital. All prescriptions must be cleared by a

primary care physician to continue taking the medications. A pattern of visits to the emergency room for ailments that require opiate treatment may be brought before the Court.

Chapter 8 - Professional Education

The interdisciplinary education of the treatment team promotes effective docket planning, implementation, and operations. All new and current members of the treatment team will be educated about the Recovery Docket “process.”

Meetings

Meetings will be scheduled at least quarterly with the Advisory Board to assess the functionality of the Recovery Docket. The team will be looking at what’s working, what’s not working, and the achievement toward meeting program goals and objectives. Furthermore, policies and procedures will be updated based on these meetings. At these meetings the members will share new and upcoming information about the Recovery Dockets, discuss any area trainings and evaluate the best practices that are being used by the area agencies. Information that is obtained by attending the sub-network meeting at the Supreme Court will be shared as well. All treatment team members will be encouraged to attend the Ohio Specialized Dockets Practitioner Network Meetings.

New Team Members

All new members to the Recovery Docket treatment team will be advised of the policies, procedures, and best practices utilized by the treatment team. New members will be encouraged to read the policy and procedure manual for the Recovery Docket.

The treatment team will identify similar area specialized drug courts and build a relationship with those courts, as well as attend any sessions and/or meetings to increase collaboration and leverage resources and information. The Recovery Docket coordinator and probation officer will foster and regularly review those relationships.

Prosecutors/Defense Attorneys

Prosecutors and defense attorneys are encouraged, if possible, to attend the treatment team meetings so that they will understand the importance of their roles within the Recovery Docket process. In addition, if possible, they will be encouraged to attend Supreme Court trainings and Advisory Committee Meetings and to access information about Recovery Dockets online.

Supreme Court Meetings

All treatment team members will be encouraged to attend and participate in Supreme Court meetings, trainings, and the annual conference to increase their understanding of drug courts and develop beneficial relationships with other state courts.

Chapter 9 - Effectiveness Evaluation

The Recovery Docket has a plan for evaluating its effectiveness. It includes a statement of goals and objectives set forth in this manual. The Recovery Docket has a system for collecting data and a process for analyzing that data in order to determine whether goals and objectives have been met.

The Recovery Docket coordinator and probation officer will use databases and other tools to collect statistical data and compile reports. The information will be compiled and presented to the Advisory Committee on a quarterly basis. That information will be provided to the Recovery Docket Judge to evaluate the effectiveness and functionality of the Recovery Docket, treatment team, Court Services Plan, and policies and procedures.

Supreme Court Reporting Data

The Recovery Docket coordinator and probation officer will comply with reporting data as required by the Supreme Court. The data collected corresponds to the goals and objectives established during the planning process and contained in the policies and procedures chapter. The treatment team will engage in ongoing data collection in order to evaluate whether or not the Docket is meeting its goals and objectives. Data collected will be utilized by the Advisory Committee as part of the functionality review of the treatment team.

All Recovery Docket participants will be encouraged to complete an anonymous Exit Survey upon successful completion or termination from the program. The information collected will be used to provide perspective on a participant's experience, effectiveness of programs and services, and suggestions to improve outcomes.

Ongoing Data Collection

The Recovery Docket coordinator and probation will periodically exam success rate and may consider the following information:

- Number of Participants referred
- Number of Participants accepted
- Number of Participants denied
- Reasons for denial
- Number of graduates
- Number of unsuccessful terminations
